Succinct and straightforward, a great intro. Strange, though, my copy arrived without a label...

This is a wonderful book, easy to read, with great exercises and information! This book is for everyone looking to understand and work with their Chakras.

Really nice, informative, pretty little hard cover book. Nice excercises to open your chakras, good backround info through out. A very nice short quiz at end to help seal any too open chakras. Would make a nice little gift.

Good

This absolutely adorable little book is filled with fascinating information on all of the chakras located in your body in easy to understand and remember sound bites. You'll learn where the chakras are located and what they do. There are meditations to help you increase the vitality of each chakra, I found it to be incredibly helpful and fun. I will cherish this beautiful book.

Delightful little book for someone beginning their journey into the world of energy via the Chakras. Nothing new is contained within. The information is clear and concise and opens the door for anyone who reads this little book to investigate the chakras more deeply. The book was written expressly for beginners and it accomplished that task. Listen to my interview with Chad and Amy at [...] More about me at [...]
