Her Celtic Captor

Synopsis

As the sister of a powerful Viking chief, Brynhild Freysson is used to giving orders and having them obeyed, which makes it all the more difficult to accept when she suddenly finds herself at the mercy of a Celtic warrior intent on bringing her back to his village whether she likes it or not. Taranc was a leader of his people before he was taken captive by Viking raiders, and now that he is a free man once more he has no intention of allowing a headstrong Norse woman to slow down his journey home with her stubborn disobedience. When Brynhild refuses to do as she is told, he wastes no time in baring her bottom for a thorough switching, and he makes it quite clear that she can expect even more painful and humiliating punishments if she continues to defy him. Though her hatred of the Celts runs deep, Taranc's stern dominance awakens desires in Brynhild that she thought she would never feel again, and when he takes her in his arms and claims her properly it is more pleasurable than she would have thought possible. But though her passion for him grows by the day, can she ever truly love a man whose people are enemies of her own? Publisher's Note: Her Celtic Captor is a stand-alone sequel to Her Rogue Viking and Her Dark Viking. It includes spankings and sexual scenes. If such material offends you, please don't buy this book.

Customer Reviews

Wonderful ending to a very well-written series. I think this one was my favorite - Taranc was a superb male lead. He had kindness, compassion, humor, and understanding along with a good dose of "alpha Male" traits. I loved that he never treated Brunhilde as less than himself. He punished when needed, but his patience was boundless. I had a hard time liking Brunhilde at first. She was overly cruel to Fiona in the first book and that carried over for a while. But the author did a fantastic job in getting me to care about her. It was wonderful seeing all of the clan reunited - I just hope perhaps Ms. Barker has another story about one of the other women who were taken captive by the Vikings. What happened to them?

Good writing takes great research and a gift for words. Both are evident in this book. It is passionate and believable at the same time. I will seek out more books by this author.

What a great book. This was amazing. This book was so well-written and as accurately done as possible. I love historical romance and this was wonderful. This is the first book by Ashe Barker but most defiantly will not be the last. This is Brynhild and Taranc's story. Hilde is the Viking sister of Ulfric who has taken the Celts including the chieftain Taranc and Fiona hostage to be their slaves. But Ulfric falls in love with Fiona and Hilde is not having it. See she hates Celts all of them and most are not aware why. It may be irrational but not to her and I can understand why. But she is taking out her hate on Fiona and her brother will not have it. So he makes a deal with Taranc. I will not go into it but let's say she will be mad when she figures it out. But soon she learns to live with it till the Vikings return. Let's hope this time it won't lead to more pain she has had enough. Now before I ruin this for you I will leave off here. I hope you enjoy this book as much as I did. If you do like this book, please consider leaving a review. The Authors really like it when you do, they value your opinions too.

The prisoners are taken by ship back to the Norsemen's homeland, Fiona is kept by Ulfric and taken into his home as his bed slave and to help care for his son Njall, however his sister Brynhild despises her on site, her maliciousness intense enough that it left Fiona fearing for her very life.....It becomes apparent that the only solution to keep Fiona safe is for Brynhilda to be taken away from the homeland, Taranc is the only man suitable for the job he is a leader of men and will be able to keep her safe and under control, As the story develops you discover that the loss of the man she was meant to marry left her

cold, unloving and she believed underserving of her own family and children. Taranc found that the more time he spent in her company he found her to be strong willed, tough, unwavering but once she began to bend to his mastery of his leadership and his touch her discovered a woman he would die to protect. This was a wonderful read, the character was larger than life, the roughness of the Viking raiders and the thralls once they reached their shores ensured that life was hard, only the strong would survive....The lessons of discipline were painful, humiliating and often on a bare bottom, the sexual chemistry was Hot!...Hot!...Hot.... and you will find that once you start reading the book it is impossible to put down until you discover the end.....I thoroughly enjoyed the book and look forward to reading any future publications; keep up all the great writing.

I was looking forward to this third book in this series and was not disappointed. Ms Barker is a fabulous storyteller, this story was told in such detail that you feel that you are on the journey with the characters. I was entranced right until the end and wanted more. This is Taranc and Brynhild story. Taranc is a proud Celt captured by Vikings on a raid in his village. Brynhild Freyson is the sister of a Viking chief, she has a hatred of the Celts. She finds herself at the mercy of Taranc, after her brother Ulfric is fed up with her cruelty towards Fiona. Taranc was the proud chief of his village before being captured by Vikings, he was given his freedom by Ulfric but with certain conditions. Brynhild has a secret that makes her feel worthless and unlovable. She is quick tempered and impulsive and finds herself the subject to painful punishments as Taranc tries to tame her. All the books in this series have captivating and engaging characters with well-crafted storylines. I voluntarily reviewed an Advanced Readers Copy of this book.
