# Prague: ARTEL Style

## Synopsis

This is not your standard guide to Prague. Named Best Travel Guidebook by the 2014 Independent Publisher Book Awards, the newly updated and expanded edition of Prague: ARTEL Style fills an important niche in the tour book market by focusing on the kind of local insider information that adventurous travelers seek. American author Karen Feldman moved to Prague in 1994 and launched ARTEL, the globally renowned producer of luxury crystal couture, in 1998. In nearly two decades as an expat, she has sought out the city's best hotels, spas, shops, restaurants, bars, and theaters, as well as other fun spots that are typically overlooked in other guidebooks. As in the original 2007 edition, Feldman's top ARTEL-style recommendations on everything from off-the-beaten-path shopping and dining destinations to which rooms to ask for at hotels are included here, along with tons of practical tips, little-known facts, and lots of beautiful vintage images. Written in a conversational, first-person style, the 2013 edition has improved maps, a new guide to Czech beer and local pubs, and lots of cross-referenced information to make the book as practical and user-friendly as possible. Prague: ARTEL Style is an essential resource for anyone seeking a unique travel experience in Central Europe's most magical city.

A fabulous, witty, informative, comprehensive, meticulously researched and visually beautiful book!

Karen Feldman is the Founder / Director of ARTEL, the globally renowned producer of luxury crystal couture. In addition to the two ARTEL Design Shops located in the heart of Prague, the firm's

elegant glassware can also be found on the shelves of Asprey, Paul Smith, Christian Dior, and other exclusive retailers. A native of New York, Feldman has lived in Prague since 1994.

Do not hesitate to buy this book. it is the PERFECT Guide to Prague. This is the most beautiful guide I have bought on any city, and i have bought many. It was written by someone with a huge sense of style and a deep knowledge of the city. the result is this amazing guide. There is something for everyone here ! I personally enjoyed Mrs. Feldman's personal touch very much. This is exactly what is missing in other books. most of all i like the vintage photos so carefully and well chosen with a lot of humour. I would certainly buy a third edition of this book. Or any written by Mrs. Feldman.

The revised edition of Karen Feldman's brilliant Prague: Artel Style continues to intrigue and inspire those interested in Prague. Far surpassing other guide books in allowing the first time and repeat visitor access to the best and most authentic parts of this unique and fascinating city, much of the content as well as Karen's insights can't be found anywhere else (except on the Artel website which is very useful). It would seem that this guide came about as a result of either exhaustive research or an encyclopedic memory or maybe both. In comparison, all other guidebooks are less than extraordinary. This guide is an absolute must for anyone planning a trip to the Czech Republic's captivating capital!

Very practical and clever recommendations.

This guide is a perfect supplement to "top ten" sorts of books that focus on popular tourist destinations - this guide is particularly valuable and accurate in its discussion of dining options, with specifics about dishes to have (and avoid) and even best places to sit, which alone makes this a necessary acquisition for anyone visiting Prague.

A different kind of guidebook to supplement the other guidebooks about Prague. It has great sections on shopping in Prague, Czech literature and film, and many helpful hints about getting around the city by an American expat who has been living there for 20 years.

I wish other guidebooks were written the way Karen does. She writes as if she is the one who will go to Prague. Lots of useful information & tips, not the general stuff. It is definitely a must read for

anyone who plans to go to Prague. Now I understand why the rating is so high!

Loved this book - offbeat, smart, insightful, and Karen is right on in her recommendations. A must if you are traveling to Prague - and, if you have a moment, stop into her lovely shop right beneath the Charles Bridge in Mala Strana.

Great guide with extremely helpful tips and information, that allowed us to see the "real" Prague...
