I bought these books for my soon to be 8 year old and ended up finishing them all myself first. Good books! Definitely get a sense of Survivor similarities, but that's to be expected cause Jeff Probst.

I really enjoy this series. The only reason I didn't give it 5 stars is because I don't like cliff hangers. I wish I had discovered the series after they had all been written. I'm a sucker for castaway stories and stories of survival and this series ranks with the best of them. I am a (grown-up) reader, a mom, and an elementary teacher. I enjoy the series under all of those titles and look forward to Book 3 (so we can find out what happens!!!).

Very exciting and keeps you on your toes through. I would definitely recommend this to many kids and adults I know. Can't wait for the sixth one to come out. A completely fantastic topic choice by the author. There are a lot of survival books out there but I think this one stands out the most.

Stranded: Shadow Island Forbidden Passage is just one of the thrilling books in this series. I loved it and I think you will to.

My low rating is due solely to the fact that the book has been misprinted and skips from page 122 directly to 155. Then at the back of the book, pages 155-172 are printed again. I don't know how many books have been printed this way. But my daughter was very disappointed about the missing

pages.

My daughter loves these books. Just waiting on the last one to be released

Last year, I read the "Stranded" books to my students. When they saw the "Shadow Island" books, they begged me to get them. We have enjoyed the adventure and are excited about what will come next.

Couldn't put this next part of the story down. I have enjoyed all 5 books in this series. This one has a great cliff-hanger ending. The first series of 3 was good. So far the second series has been good too.

My 8 yr old grandson is into chapter books AND very much into Survivor & Jeff Probst...so this set of Jeff Probst's books was a no-brainer for him. He really likes them.
