Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

This is a gathering of oh so sweet melodies by one person, not a collection of various artists, as I thought it would be. All of the piano music in this book has copyright dates in the early to mid 1980's. Maybe back then, to some composers "new age" ment music that sounds soft, dreamy, and tidy with nice little introductions,beginnings and endings. If you like the music of Liz Story or Suzanne Ciani, you will not like this book. If however, you are playing the piano for your local Daughter's of the American Revolution afternoon tea party, this is the book for you. Skill level: intermediate
