Penne with Roasted Vegetables Serves 4 Penne has enough heft to hold its own when combined

with chunky ingredients. Paired with caramelized roasted veggies, it makes a filling, nutritious meal.

Preheat the oven to 400°F Instructions Line a baking sheet with aluminum foil. In a large bowl, toss the vegetables with the olive oil, then spread them out on the baking sheet. Sprinkle the vegetables with the salt, pepper, paprika, and garlic powder and bake just until fork-tender, 25 to 30 minutes. Meanwhile, bring a large stockpot of water to a boil over high heat and cook the penne according to the package instructions until al dente (still slightly firm). Drain but do not rinse. Place 1 cup of the roasted vegetables and the wine or stock in a blender or food processor and blend until smooth. Place the puree in a large skillet and heat over medium-high heat. Add the pasta and cook, stirring, just until heated through. Serve the pasta and sauce topped with the roasted vegetables. Sprinkle with Parmesan cheese.

Ingredients 1 large butternut squash, peeled and diced 1 large zucchini, diced 1 large yellow onion, chopped 2 tablespoons extra-virgin olive oil 1/2 teaspoon salt 1/2 teaspoon freshly ground black pepper 1 teaspoon paprika 1/2 teaspoon garlic powder 1 pound whole-grain penne 1/2 cup dry white wine or chicken stock 2 tablespoons grated Parmesan cheese

Our heart doctor recommended this type of cooking and this book gives easy recipes and the food is good. We looked at other books with weird ingredients and passed them by. This one is a keeper!

This book was recommended by my cardiologist. I had just had a stress induced heart attack at age 58/female. I don't smoke or drink. I have lost 30 lbs following these recipes and feel better than ever. Simple to follow and delicious!

In "The Mediterranean Diet for Beginners" you'll find that exact combination - an easy to follow, no nonsense approach to more healthy eating emphasizing lean meats, lots of fresh fruits and

vegetables and little to no processed food along with a lot of references to primary research resources demonstrating the value of this diet. While the obvious chapters organize the book - breakfast, lunch, dinner etc - it also provides some sample daily menu plans, and includes links to those recipes later in the book. In that way, the book allows you a couple different ways to get started along with lots of different combinations and suggestions. The recipes have few ingredients that don't require a lot of shopping or buying ingredients you'll never use again, and are easy to follow regardless of your cooking skills.

The recipes are great and delicious. Just wish there were more of them.

Just as described. Arrived in a timely manner. Very happy with purchase.

I wanted to learn more about the Mediterranean Diet

great place to start with different food choices.

Gives a good description of the diet but wish it had more recipes
