Eye Of The Hurricane: My Path From Darkness To Freedom

Synopsis

Eye of the Hurricane: My Path from Darkness to Freedom is a self-portrait of Rubin "Hurricane" Carter, a twentieth-century icon and controversial victim of the U.S. justice system turned spokesperson for the wrongfully convicted. In this moving narrative Dr. Carter tells of all the "prisons" he has survived--from his childhood through his wrongful incarceration and after. A spiritual as well as a factual autobiography, Eye of the Hurricane explores Carter's personal philosophy, born of the unimaginable duress of wrongful imprisonment and conceived through his defiance of the brutal institution of prison and ten years of solitary confinement. His is not a comfortable story or a comfortable philosophy, but it offers hope for those who have none and serves as a call to action for those who abhor injustice. Eye of the Hurricane may well change the way we view crime and punishment in the twenty-first century.

Customer Reviews

Rubin "Hurricane" Carter, a former middleweight prizefighter whose 1967 imprisonment for a triple homicide at a Paterson, New Jersey, bar became a cause célèbre in the 1970s for the likes of Bob Dylan and Muhammad Ali, was released from prison in 1985 by a federal judge who cited a conviction predicated on "an appeal to racism rather than reason." Carter says that his true freedom was actually achieved within prison walls after he chose to focus not on his release but rather on personal transformation through the study of religious and philosophical texts, a process conveyed here with transcendent wisdom if not

conclusion. Carter also discusses his efforts in Canada to secure the release of similarly wrongly convicted people. For more information about Carter, check out Sam Chaiton and Terry Swinton's *Lazarus and the Hurricane* (1991) and James Hirsch's *Hurricane* (2000). --Alan Moores --This text refers to an out of print or unavailable edition of this title.

"Rubin Carter describes his truly inspiring journey through his early life of brutality and suffering into his current life of hard-won spiritual affirmation and worldwide advocacy for the wrongly convicted. His views on the American justice system and the death penalty are outspoken, uncompromising, and ultimately accurate. Dr. Carter's autobiography presents the unique and passionate vision of a unique and passionate man." -- Sister Helen Prejean, author, *Dead Man Walking* "When a judge is responsible for freeing a person whom he believes has been wrongly convicted of murder, he worries whether he will live to regret or be proud of that decision. When it comes to Rubin Carter, I have no regrets. He has justified my faith in him, and I am proud of the person he has become. He is a testament to the human spirit." -- Judge H. Lee Sarokin, retired, U.S. Appeals Court "A wonderful and inspiring book. I expected gritty -- it's based on the life of Rubin "Hurricane" Carter, after all. What I didn't expect was to be so moved by his extraordinary insight, his disarming honesty and his grace. I loved the book." -- Professor Cookie Ridolfi, director, Northern California Innocence Project "An uplifting tale of how a man can transcend shackles of all sorts." -- *Globe and Mail* "Long story short, if *Eye of the Hurricane* doesn't inspire you, nothing will." -- *Smooth Magazine* "Essential for the socially conscious." -- *Library Journal*

I don't usually take the time to review books I enjoy, but in this case, I happily break that tradition. This book, in all honesty, is incredibly profound. It is a gift. I read a lot, yet I rarely encounter either the depth or the insights such as the ones that are found in this text. Dr. Carter's voice is as captivating and as compelling as it was in his memoir "The Sixteenth Round", but this book moves beyond the boundaries of his own story into the unexpected territory of personal transformation. It has inspired me to elevate my consciousness, become my fullest self, and continue to wake up.

This is a great book, and based on real life events. The movie made about the author, Rubin "Hurricane" Carter made me want to read his book and I am not disappointed. It arrived fast too.

Great Book This Man Dr. Rubin Carter Is A Great Inspiration Shows What Can Happen In Your Life

And What You can Change He Could Have Choose To Go On A Bad Path After Release But He Devoted His Life To Help Others wrongfully Accused Get released from Jail Its A Great Book I'd Recommend It To Anyone.

Rubin Carter's views and thoughts must be read in small sips and allowed time for one to reflect upon them. They are real and based upon many great philosophers and works of writing. This is a part of history that continues to give, both to our hearts and our spirits. His work is one of action and awakening in which he holds no punches. I commend him for taking the time to share his story (again) and give the readers a message that, they too, must break down the prison and become an awake citizen to make this world a better place.

Well written and enlightening. A very good read. I mainly was encouraged by what one can obtain through self discipline and determination. What a hard road he traveled but God saw him through.

an amazing story about an amazing man

Came in handy for research

yes I truly enjoyed the book why wouldn't I have it is my father's book thank Jayne Chin Carter
