Dragon Mystics: Supernatural Prison #2

Synopsis

Book Two In Bestselling New Adult trilogy. #1 in Paranormal Romance and #1 in Sword and Sorcery Fantasy. (This is not standalone and ends in a cliffhanger. The story will conclude in Dragon Mated - due for release early 2016). When the formidable power of Jessa Lebron's mark was unleashed, during her impulsive foray into Vanguard, the American supernatural prison, she learned the truth. She's a dual shifter: wolf, and as an added bonus, dragon - of the fluffy persuasion. Yep, she's one special cupcake. Now, pursued by the Four, powerful hunters of the dragon marked, she has no choice but to run. At least she has her impossibly gorgeous and infuriating best friends by her side, the Compass quads. Not only are they powerful and hella useful in a fight, but most of the time they're also semi-entertaining too. With only one month left until the supposed resurrection of the dragon king, this pack will find out soon enough what happens in the world of the dragon mystics. (Recommended 17+ due to use of language and sexual situations. These supernaturals like to curse, please be aware before purchasing)

Dragon Mystic picks right where Dragon Marked ends. Jessa, the Compass boys, Mishca and Grace are on the run. Their main concern is getting Jessa as far away from the Four as humanly and unhumanly as possible. The Four are on the hunt. Louis sends them straight to the one place that the Four cannot cross into. Neither can the Compass boys, at least now without permission. This may cause them to act a little crazy when Jessa goes in without them. Once they get into the sanctuary, things pick up almost right away. Jessa and Braxton go missing. Mishca and Max have a falling out. Which of course causes Mishca to turn to a group of sisters that are much older and much more manipulative than her. Braxton and Jessa get dropped into a whole pile of danger. Hopefully his dragon can keep them safe until they figure out how to get back home. Their attraction to each other is extremely intense. Yet something is holding Jessa back- fear. The root of all uncoupled couples. Their devotion to each other is remarkable. I love their banter, their teasing and their easy acceptance of each other. Once they get back home, they find that things have gone from crazy to holy bizarre. Mishca is nowhere to be found. Max is where you wouldn't expect and the other two brothers are trying to keep it together the best they know how. Louis is finally with them, along with the girl's parents. I hate Mishca- how is she Jessa's twin? How did their parents give up their mated relationship so that they can be safe when she is so- not smart. The Compass Quad's powers are unleashed. Their true mission revealed. WOW! What a purpose that is. Two brothers will end up mated. One mate will disappear- hopefully to be reunited very early on in the last book. I devoured this book. Then I devoured it again. The book ends on a cliffhanger. One of the best cliffhangers I have read. Oh my goodness this ending- had me in tears. Braxton oh how I love you! How will it all end? When is the next book coming out? Will my fingernails last until then? Will I pace a hole into my carpet before then? If you are not a patient person you may want to wait to read this one until it is closer to the due date. If not, then clear your calendar for the next 24 hours. Because you are not going to want to be interrupted. My Rating 5 out of 5 stars Favorite Quote "Hello, hand, meet your new leash." Other People Maximus- vampire, Braxton's brother Mishca- Jessa's sister Grace- healer, something is going on between her and Tyson Louis- warlock, there is something about him Fruit twins- sure they have other names but since they are evil I can't remember them <http://readingcave.blogspot.com/2015/10/review-dragon-mystics.html>

I found Dragon Mystics to be an entertaining read and a good continuation of the Supernatural Prison trilogy. This series is proving to be fast paced and the characters are fleshed out well. The

interactions between the quads and Jessa are great, even with a shifting dynamic, and I think showing the problems with Mischa and how she is the weak link was well done. My one complaint is that there could be a little more attention to detail on the world building. I'm still a little confused on the councils function, are they only to oversee the towns or also the prisons? If they are supposed to oversee the prisons they seem to be rather disconnected from some of the major operating points. I also do not understand how the original 4 can go in and out without any of the councils being the wiser. This does not really detract from the story though. Overall I think it's a fun read and a great release from an indie author, even if we are left with a cliff hanger and I'll have to wait a couple more months for the last book.

My emotions are still on the rollercoaster ride that was Dragon Mystics. What a fantastic continuation of Dragon Marked! So many new revelations in this one. The romance. The betrayal. The new worlds. The romance. The action. The romance. This book was HOT, but the romance didn't take away from the storyline at all. On the contrary, it was necessary to the suspense of it. Now, forgive me for the short review, but I must start Dragon Mated IMMEDIATELY!

I have just finished the second book in the series of Dragon Mystics and I loved them. I have not been able to put them down. Excitement at every turn. I also loved how the author stretched out the sexual tension until the second book. It was extremely romantic. The characters are etched in my brain. I sit here wondering what's going to happen in the third book, which is what I'm going to do right now. I'm off to buy my third book. I highly recommend these books.

Jaymin Eve is the queen of cliffhangers and this one is no different! I have a love/hate relationship with cliffhangers - though I must say Jaymin's versions do allow for some resolutions in each book, with the end cliffhangers allowing for a peek at what is to come with the next book...and leave you clamoring for more! I loved the continued development of the Jessa/Braxton dynamic and the rest of the Quads. I'm anxious for the third in the trilogy - I'm dying to know what happens next, but at the same time, I'm not ready for their story to be over...

I had been looking for a new series to start. It seemed like every book I started, fell extremely short of the lowest standards. I couldn't even get halfway through. Then I found Dragon Marked. I instantly loved Jessa and the Compass quads. I could not put it down. I loved it to the point that I actually described the whole book to my boyfriend (who usually asks what I'm reading, but couldn't

care less) he is not a bookworm but thinks it would be a great movie. So, obviously, I had to read Dragon Mystics. I did not stop until I had read the entire book, and I do not want to wait for the third. This series or trilogy or whatever it will be, has quickly moved up the ranks in my fave list. It has everything a great book needs. A funny, sarcastic, bad *as, relatable heroine. Some sexy book boyfriends that are witty, charming and definitely alpha males. The action it described perfectly (I love being able to play out a scene in my head). Love love!
