Vascular Surgery (Oxford Specialist Handbooks In Surgery)

Synopsis

Oxford Specialist Handbooks are portable, succinct, and above all reliable guides to difficult and challenging areas of surgical practice. The third edition of Vascular Surgery has been fully revised and updated to meet the needs of the vascular surgery trainee. Providing practical advice on all commonly encountered peripheral vascular problems. It focuses on surgical detail, but also carries background information on presentation and details on preoperative investigation and postoperative management. It gives relevant information for use when seeking patient consent. Each operation carries the latest OPCS code, increasingly important in recording surgical activity.

Customer Reviews

Review from previous edition "...a valuable resource for junior and senior trainees involved in the peri-operative care of vascular patients. Whilst not being a core text for vascular trainees, this book succeeds in providing a quick and practical source of reference, an achievement not replicated by many other pocket texts." --The Surgeon

Linda Hands, Associate Professor, Nuffield Department of Surgery, University of Oxford, UK, Matt Thompson, Professor of Vascular Surgery, St George's Vascular Institute, London, UK Linda Hands, Associate Professor, Nuffield Department of Surgery, University of Oxford; Fellow of Green College, Oxford; Honorary Consultant Surgeon and Clinical Director for cardiothoracic and vascular surgery, Thames Valley Vascular Unit, Oxford. Matt Thompson, Professor of Vascular Surgery, Head of

Vascular and Cardiac Research Centre, St George's, London.
