Vincent's Colors

Synopsis

Vincent van Gogh is one of the world's most famous artists. Throughout his life, he wrote to his younger brother, Theo, about his colorful, dynamic paintings. This book pairs the artist's paintings with his own words. Van Gogh's descriptions, arranged as a simple rhyme, introduce young readers to all the colors of the rainbow and beyond. The descriptive words combine with spectacular reproductions of many of the artist's most beloved and important works to create a perfect art book for young and old alike.

Starred Review Gr. 1-3. This slim volume, produced by the Metropolitan Museum of Art, is an extraordinary accomplishment. Editor William Lach takes Van Gogh's own words from his letters to his brother, Theo, translated closely or freely from French or Dutch, to describe the colors of some of his most famous and beloved paintings. Lach has rhymed them gently: "Leaves of silver turning to green, / stars sparkling, greenish, yellow, white, / a big bunch of violet irises, / and in my head a starry night." There's a single line of text per spread, each opposite a full reproduction or a detail of the painting that corresponds to the line. The book begins with a very brief introduction and ends with a complete list of the paintings, including full descriptions and a citation for the correspondence from which each description comes. Children--and their adults--will marvel at the sunflowers that are "twelve flowers that are light on light" or "a lady's clothes in black, black, black." Accessible to the

I was disappointed that the reading level was too low - about K-1. I had expected more. The illustrations are wonderful.

For my niece who is an avid reader at 4. I find it amazing that she can read just about anything. She loved this book. Carole

Very good to teach art to the young. Very helpful in laying out what they need to know to appreciate art.

Beautiful pictures, but rather small and for children. I still like but would have liked to have known the size of the book.

Really great book. I am studying artists and Van Gogh's life and talent and energy in his work is wonderful to learn. Thank you for this book.

This is a beautiful book. I have given many away as baby gifts, children's gifts and gifts to grown ups. I love beautifully illustrated hard cover children's books, and this is one of those. If you like Van Gogh's paintings, you will love this book.

My 6 year-old grandson is unusually bright, a great problem solver and designer of anything from mines to train tracks. But he is not yet a reader. As he loves art, he was motivated to read this book of van Gogh's beautiful art. Words are few and simple.

Beautiful picture book. I gave it as a gift to the child of a friend. Great paintings and words of Vincent.
