Hector Hectricity And The Missing Socks

Synopsis

Calm days for the Parack family, filled with soft songs and peaceful picnics, are disrupted by hectic mornings because socks keep vanishing in their new home. Will Mummy's prayers lead to peace and paired socks again? A fun story for young children that shows how praying to Allah SWT, asking for help from others, and taking a good walk outdoors can help to overcome a sock monster. There is a sock knitting pattern at the back of the book by designer Katherine Lymer.

Customer Reviews

A sweet, refreshing and fun read! I love how the ideas of peace and prayers are threaded through the story when seeking a solution to the missing socks - a very lovely book!

*I received a free copy for my honest review.*Hector Hectricity is about a biracial Muslim family called Parack who enjoys family times and matching socks. They find comfort in simple joys such as family picnics outdoors. Life was a breeze until they had to move to a new place and their matching socks started missing. The mystery of the missing socks sends the mother of the house into stress mode and she implores her Lord and seeks others' help to resolve the matter. And that's the moral of this colorful children's book; getting children to invoke the name of their Lord often and not to feel shy to ask for help. My son enjoyed pointing at mother Parack. I guess it reminds him of me. He also giggled at my voice and intonations to

entertain him. Finally, he kept wanting to stare at the front cover. *Laughs* To continue, the book has a knitting guide at the end to make colorful socks. I love colors and I think I'll try this activity just for fun. Without being too subjective or biased, this children's book is representative of my own family because I'm in a biracial marriage. And I like 'Hector Hectricity and the Missing Socks' because it helps fill the diversity gap in children's literature that I have also planned to fill in the future God willing.

Detailed and colorful pictures attracted me in purchasing the book. After reading the whole book I don't regret buying it. My children love it and I don't know how many times I'd read it for them. Every time I read it to them my younger kid (3) says 'like you'. It's because they can relate to the story so well. Thumbs up to the writer and illustrator.
