Got the book as a gift and she loves the babysitter club books. Came in extremely fast!

Exactly the book I wanted. Fast delivery.

My grand daughter is a type 1 diabetic I love the fact the story is something she can relate to. My daughter read this as a child, nice to pass on the same book she read to granddaughter.

I'm grading this book on the Baby-Sitters Club series, and not for the actual content. I have not personally read the book, as it was a gift for my niece this past Christmas. The reason why I'm giving it a 5-star rating is because both of my sisters were addicted to these books 20+ years ago. Now decades later, we're able to buy them for my nieces, which gives them a book series that they actually like to read. It's challenging to find anything that can take kids away from the technology out there, but the Baby-Sitters Club books do that. For that reason, this is a no-brainer for 5 stars!

Bought for my daughter. She found my BSC boom from when I was little. So we are adding to the collection.

15 + years after reading these books for the first time I am hooked again. I wish I could hire one of these guys girls to look after my two very small kids.

Classic books! I loved these when I was growing up and purchased these to donate to a book drive my friend's daughter was having.

I absolutely love this book! I would recommend this book for ages 9-12 though. This author is the best children's author I have ever read.
