Hallmark for pilots' logbook

perfect

great logbook

Excelente

As advertised. Works great for tracking my flight time.

Purchased a "logbook app" for keeping track of things, however after finding that there would be a yearly recurring fee, I quickly went back to the classic method.

Great item.

I bought this book for my fiance as a surprise for his first flying lesson and I have not given it to him yet but this log book looks great. The quality is much better than I thought when I bought it and the price is excellent compare to similar logs on the market. The pages have a lot of space to add information and blank space to personalize it according to individual use. I cannot wait to surprise my fiance with this pilot log as I know he is going to love it.
