Praise for Owl Diaries #1: An Best Book of 2015 -- Ages 6-8 An Best Book of the Month, January 2015 "Bright and colorful digital illustrations, large type, frequent speech bubbles and a familiar story make this accessible to emerging readers. — [This series promises to fill a niche for [new readers.] Keep flapping, Eva!" -- Kirkus "Appealing visuals (the text and art are set against the lined pages of Eva's diary), punny dialogue, a few pratfalls, and Eva's unflagging enthusiasm

make for lively reading." -- Publishers Weekly "This early chapter book is a nice step between first readers and series such as Barbara Parks's Junie B. Jones and Mary Pope Osborne's Magic Tree House." -- School Library Journal "The colorful, adorable illustrations will be irresistible to young readers. The simple text interspersed with speech bubble dialogue will engage beginning and intermediate readers alike. This appealing chapter book will be a nice addition to a library's young reader section." -- Library Media Connection Praise for Branches books: "Plenty of drawings assist readers with plot development." -- School Library Journal "A nice stepping stone to more advanced chapter books." -- Booklist

My daughter is in first grade and starting to try chapter books. She just turned 6 and is on the young end of the class, so I am trying to encourage her with fun books. For Christmas, she got the first two books in the Owl Diaries series, so we immediately hopped online to get #3. I ended up pre-ordering Owl Diaries #3 and it arrived the day it was published, which was a treat! This book is super cute, with lots of pictures mixed in with words on every page. It gives my daughter plenty of things to look at while she is reading. The only thing that might be considered a downside is that there are a lot of made up words in the book, but my daughter had no problem reading them, although she did ask me about some of them. I think most of them are highlighted in bold green print, like "Owleriffic". This is a great series and we can't wait to get our hands on book #4! I highly recommend this for beginning chapter readers.

My daughter LOVES this book. We have read the previous Owl Diary books from the library, and my daughter begged me to get her this one when it came out. She LOVES Eva. The illustrations are beautiful and colorful so that is why my daughter likes it so much. Can't wait for the next book in the series.

My daughter is 6 and in first grade. Her reading has really taken off this year, and these books are perfect for her. We have the first three, and she has devoured all of them. She struggles with some words here and there, but for the most part, she can read these on her own. (At school she's

reading at an H-I level at the moment. She was F-G when she first read the first Owl Diary book.) The cute colorful illustrations keep the book from being overwhelming, and the diary format is fun. The stories aren't complex, but they aren't too predictable either. Others have mentioned the made-up words like "flaptastic." Those can throw my daughter for a loop, but she likes figuring them out and thinks they're funny. I think it's a fantastic way for kids to figure things out based on context. We've already pre-ordered the next book in the series. We can't wait!

My daughter loves these books. This is one the series that she cannot stop reading. They are very cute and she is partial to owls, so I do not mind buying them for her. I am all for anything that encourages my kids to read. Whenever my daughter gets a new Owl Diaries, she dives right in and reads it as fast as she can. She might even go back and read them again because of how much she loves them.

I love this series! I teach 1st grade and love having these in my classroom library. These are great books because they keep kids engaged. As a parent, I love these because they are good for kids who have short attention spans. My daughter has ADD and struggles with stamina while reading. These books work for her because she can focus on one speech bubble at a time, which keeps her focused.

What a great series! My daughter absolutely loves these books. The diary format of the book complete with cute illustrations is a great way to encourage reading. The stories are fun and the characters are lovable! My daughter has read these books over and over again. There were plenty of moments when she was reading that she laughed out loud and then had to share what she just read! That to me is a great children's book!

Great book for my 3rd grader. She's happy with it and it kept her attention while reading. No need to force her to read. Branches Books are a great way to get kids started on chapter books that otherwise appear to be intimidating or boring (no pictures?!?!). Best price I've found and fast shipping is always a plus. Would recommend and will continue to buy.

My daughters and i love these sweet little books! They have bright colorful pictures and a cute little story line. She has read these over and over. These and the baby mouse series are there favorites.
