This is one of the most thoughtful gifts that you can give to a Dad, and he in return can give back to the entire family. Imagine if your great-grandfather had been able to tuck away a similar book for you and the rest of your family. What a joy to discover some of his favorite memories of the old days, in his own handwriting. This is such an inexpensive but thoughtful gift but, after the pages have been filled out, it will become a priceless and irreplaceable family heirloom.

I was a little disappointed at how 'small' the product is! It is as small as the palm of a hand. Also, I

ordered 4 of these all together to use as Father's day and Mother's day presents and they all had extreme shelfwear. Though they are unused, they don't appear new anymore. I'm giving these as a gift so that is unfortunate. The seller needs to take better care of their merchandise.

Best gift ever for a dad who you want to know more about or who loves to tell stories. My dad and I spent over 3 hours filling his out because every question reminded him of something and he'd go off down that rabbit hole. It was delightful.

Perfect for any Father! This is one of the way we shared memories with Dad. I cherish this book most that we have from my Father. It's nice to have this to reflect on. We sure miss him!

I purchased this book for my dad and my husbands boss and they both loves it. My husbands boss was so excited he has two young boys and couldn't wait to start filling it out.

I purchased this book for my husband. I knew the book was smaller and the questions were more simple which is what I was going for. My husband is a very simple person so he does not like things that are too lengthy or flashy. It is a very cute book and could be a very memorable gift to pass down to a child one day. The only complaint "which is why I rated it 4 stars" I have is that when I recieved it the cover was scratched and bent. I had to send it back "which is a pretty easy process" and the new one was in perfect condition. I was happy with the purchase at that point. What was nice is that they sent me a new one as I was sending back the damaged one so I did not have to wait long for the replacment. I just felt like there was no reason for me to recieve the damaged item in the first plac becuase the packaging it came in was in perfect condition. This left me with the assumption that the book was packaged in bad condition to begin with.

If I had read the other reviews and paid closer attention to the description, I would not have bought this. It is TINY. I got it for my 75 year old father and I'm not sure he can still read print that small. I love the concept and the content is great, I just wish it was larger, at least 7" x 9". When I order for my mother in law, it will definitely be a different one.

Enjoying journaling in this book. Nice prompts. Small book makes for easy transportability

I got this for my Dad. I hope he fills it out.
