Fear And Honor: A Time Travel Romance (The Lightwood Affair Book 2)

Synopsis

In an instant, my entire life was turned upside-down when a car accident somehow catapulted me more than two hundred years into the past. And if that wasn't enough, I fell in love with a man I never should have met. Having chosen to give up trying to find a way back to her own time, Honor Daviot focuses on her new marriage to the wealthy colonist Gracen Lightwood...and to ensuring that he aligns himself with the rebels as the Revolutionary War creeps ever closer. As Honor discovers just how different 1775 is from her own time, she begins to wonder if what she has with Gracen is worth the sacrifices she has made. Follow Honor and Gracen to France as their story continues in M.S. Parker's sizzling Time Travel romance, *The Lightwood Affair*.

amazing story going back in time. I loved it

Kept my attention. It was hard to put down. I was sad when it ended. Great time-travel novel

This was a great second book nice blending of elements again and nice soul mates feeling it was great fun to read.

Really? He is blonde in the first book but is raven haired in the second? Beautiful silver strand of a wedding ring in the first book but golden in the second book! Really? These mistakes make a difference. You look for more discrepancies after that. Who is the proof reader? Too bad because I usually love her books. And stop adding on books at the end! I have already purchased them and feel like I have been ripped off!

I like the series...No do not compare it to Outlander!...but not too bad. I just wish Gracen would grow a Spine because he is HOT!

Lots of action. Moves quickly

Waiting for the next book to be released.

Great story!
