The Alpha's Demand (Werewolves Of Boulder Junction Book 2)

Synopsis

A FREE read on Kindle Unlimited
The nightmares are beginning to thicken in terror and intricacy. Returning from their vacation to Paris, all that Liam Conway and Skylar Moore were expecting to learn was how to juggle their newly found responsibilities of leading the wolf pack and managing his vast and powerful business empire. But when he and Skylar return home, they find that their mansion had been burnt to the ground. It was a mistake to think that returning home to Boulder Junction would be anything but tumultuous. Was it the hunters? A betrayal from within the wolf pack? Or something much worse? Unfortunately, that is the least of Liam and Skylar's problems. Farah, their housekeeper has gone missing, and strange and haunting nightmares are beginning to terrorize Skylar's sleep. Is someone or something trying to send Skylar a warning? Don't miss out on *The Alpha's Demand*, the second of the *Werewolves of Boulder Junction Series* by Martha Woods. If you like strong female protagonists, billionaire alpha males and deadly consequences than this werewolf shifter paranormal romance will have you turning the pages all night long. Start reading it now! As a bonus this book contains 2 bonus paranormal romance books for your reading pleasure.

Customer Reviews

This is the follow up book for *The Alpha's Return*. It is a 2 book series. When I was half-way through

book one, I decided I would purchase this book as the characters captured my attention and the story was filled with suspense and enough action, twists, and turns to hold my undivided attention. I wanted to see what happened next. Until the end of the book I was very glad I did. Unfortunately, it seems Ms. Woods wrote a new potential story line in the last paragraph and just as quickly, wrote a new sentence and ended it. It left me very perplexed and disappointed. I could not decide if she intended to possibly write another book or she just decided to quit writing any more of this story. It definitely needed at least one more chapter to tie up all the loose ends. The reader is left hanging without any idea whatsoever of what happened to any of the characters or outcomes of events that were in place before she ended it. The last sentence certainly seemed to indicate there was more to come. There are grammatical errors in both books that had me stop to re-read the word to affirm the word was incorrect in that context and needed to be corrected. I gave it a 4 only because I was enjoying it to the end. If you don't mind a complete cliff hanger, it's worth the read.

Returning from their vacation to Paris, all that Liam and Skylar were expecting to learn was how to juggle their newly found responsibilities of leading a wolf pack and managing his vast and powerful business empire. But they return to find their mansion home burnt to the ground. Was it the hunters? A betrayal from within the wolf pack? Or something much worse? Farah, their housekeeper is missing, and Skylar is having strange and haunting nightmares that is making it difficult for her to sleep at night. Is someone or something trying to send a warning to Skylar? Great story. Can't wait to read the next one in the series. I would like to know what happens with Liam's brother, Michael.

What a great follow up to The Alpha's Return. I felt the characters of Sky and Liam were more developed. I liked that they worked together to face challenges. I gave the story 4 stars as I'm not a fan of stories with a cliffhanger.

great read

The storyline will keep you glued to the pages. The characters are awesome. Liam was a recluse Billionaire Werewolf until Skylar came into his life. Now they are just getting back from a vacation in Paris. When they get home they find Liam's home destroyed, and his housekeeper Farah has disappeared!. Farah is a witch who has worked for Liam for some time. Her and Skylar had become very good friends. So Skylar is more upset about Farah than the house!. Then Liam's brother is goes missing there is a sign of a struggle, but no scent of who took him. At first they suspected the

Hunters. They learn it is something much worse. Then Skylar starts having vision dreams of Farah. In the vision she learns that for them to beat this new evil and save Farah the hunters, wolves, along with a group of good witches must work together. Can Liam and Skylar bring the three group's together to fight this evil? You will so love this exciting, suspenseful, sweet, intense, funny, and scorching hot shifter Romance!. It is a must read book!.

This is an action packed follow-up to the The Alpha's Return. Sky & Liam fell in love during that book and are now back home ready to start their life together. Danger is surrounding them and they have to make some tough choices about who they can count on. You really want to read that one first before starting this book. It moves fast and has some real surprises. I really like the characters. The author has created a sense of family that is not just about blood but about love. They will go to great lengths to protect the ones they love. I am voluntarily reviewing a copy I received.

I voluntarily reviewed an Advanced Reader Copy of this book. It was so great revisiting Sky & Liam's world. There are twists from the first book and resolutions to some of the problems that started there too. Farah is in serious danger, will three factions of sworn enemies be able to work together to end an evil that puts them all at risk? There isn't a cliffhanger per se but a lot of unanswered questions so I can't wait for the next in the series to see how that all plays out.

I will make this short and sweet! The Alpha's Return and The Alpha's Demand are wonderful stories...I can't wait to start Alpha's Prophecy! The plot/storyline is smooth as silk, but has so many twists it is impossible to even take a break from reading. When dealing with wolf shifters, hunters, and evil witches, it has no choice! Liam and Sky's story is exciting and extremely well written, but also filled with suspenseful hairpin twists! I am on to book three now...join me?!
