Swing, Otto, Swing! (The Adventures Of Otto)

Synopsis

Monkey see, monkey do! Otto learns to swing like his monkey friends in this Pre-level 1 Ready-to-Read by New York Times bestselling author/illustrator, David Milgrim. This is part of the award-winning, star-reviewed The Adventures of Otto series. See Flip swing. See Flop swing. See Otto CRASH. Otto the robot tries, but he just can't swing through the jungle like his monkey friends do. Then he has an idea, one that will have everyone swinging! This Pre-level 1 Ready-to-Read with bright illustrations and minimal text is perfect for the true emergent reader.

Grade Level: Preschool - Kindergarten

Customer Reviews

Kindergarten-Grade 1 "Otto just cannot seem to learn to swing from a vine like his monkey friends. Although they provide him with many tips about holding on, the little robot just can't get the knack of it. After several mishaps, he ends up on the jungle floor. As he stares into the sky, bruised and battered, he devises a plan: he builds himself a swing set with a seat. The cartoon illustrations depict the action and provide visual clues. This book is reminiscent of the "Dick and Jane" series. Instead of seeing Spot run, readers "See Otto swing." The simple text is printed in various places on each spread, making it difficult for beginning readers to track the words, and the story is not interesting enough to work as a read-aloud." Bethany L. W. Hankinson, Miller Elementary School,

Gr. 1. For children who are just beginning to read, Milgrim's Otto books from the Ready-to-Read series offer the unbeatable combination of simple words and funny stories. In this adventure, Otto the robot tries to learn how to swing, Tarzan-style, through the trees on a vine. Although his monkey friends, Flip and Flop, show him how it's done, Otto ends each attempt by falling. Increasingly battered and bandaged, the amiable robot finds a way to swing that suits him much better. With many two- or three-word sentences, plenty of repetition, and just a few words on each page, the form of the text is reminiscent of Dick and Jane readers. The content, however, is worlds away. The simple words are expanded and enhanced on every page by the comical illustrations of Otto and his pals. Simple, clean lines and restrained use of color enhance the reading experience while developing a comic subtext that even nonreaders will understand and enjoy. Another Otto book my son absolutely loves. He likes the pictures and being able to recognize the words. This was a little harder because of Flip and Flop, but otherwise, he is still in love and he laughs. Great book! Fantastic author! The type of books I was looking for to teach my son to read!

My son enjoys the Otto books and loves that he can read it by himself.

My kids love all of the Otto books. Easy to read for truly beginning readers. Much along the lines of Dick and Jane, with humor.

This is the first book my four year old read solo! Lots of repetition in words for easy reading. Super cute

Kindergarten is glad to have this book available in our library.

great book

This is a good book for very early readers. My grandson loved it. It has controlled vocabulary and a

fun story.

I'm sad to see this book go out of print. This is the first book that my 3 year old daughter shows great interest in learning how to read. Just great
