Meditate Your Weight: A 21-Day Retreat To Optimize Your Metabolism And Feel Great

Synopsis

An international yoga teacher, a meditation expert, and a health and wellness expert, Tiffany Cruikshank shows listeners a whole new way to lighten up: using meditation to explore what's weighing them down physically, emotionally, and mentally so as to maximize metabolism and sustain a healthy weight and body image. *Meditate Your Weight* is a 21-day weight-loss plan that employs a daily journaling and meditation practice to coach listeners through the various mental blocks, thoughts, habits, and behaviors that stand in their way of living in strong, healthy, well-loved bodies.

Customer Reviews

This book has changed my life! I have been struggling with the weight gain due to menopause. I have tried everything from supplements to crazy diets, you name it. This book is thoughtful and well written. It steps you through a meditation practice. I've also tried many 21 day meditation practices and none of them worked. This is the first one that has allowed me to be able to meditate regularly and I actually look forward to it. The combination of journaling and working through the 21 days of meditation has really help me. I am going to reread the book and do it again but do the entire book using the 12 minute meditation time that I am now up to. Thank you Tiffany. Xo

I am really loving it. I'm in the middle of the book right now, half way through the meditation program. I've been teaching yoga for 7 years now, and the way Tiffany has explained, set up, and described what to do in this program....REALLY resonates with me and clicks for me. I feel like I'm

actually meditating for the first time with much more confidence, and like it is impacting my life and shifting my thinking. Feeling really grateful and excited about it, and want to buy it for a couple of friends.

This book worked perfectly for what I needed at this point in my life. I've always believed we must get to the core of weight gain problems otherwise we are just putting superficial bandaid over a deep wound. I completed the 21 days and now am redoing the book to keep my meditation going. Teaching us to eat mindfully has been the biggest help.

If you want to make permanent changes to your eating habits you should read this book and do your recommended homework. I promise it will work.

Doing the program now. Has relieved my stress and given me a sense of hope that I will reach my goal. Book is filled with helpful facts and medical information regarding our body's ability to loose weight.

This ebook is everything I wanted it to be. Full explanation of meditation and daily exercises.

Great information about the science behind meditation.

Love this book! I carry it with me and refer to it often. So glad i purchased it!
