Moon Take A Hike Seattle: 75 Hikes Within Two Hours Of The City (Moon Outdoors)

Synopsis

Beautiful lakes, sparkling bays, rugged peaks, lush hills, and countless islands comprise the outlying area of the bustling city of Seattle. There is such stunning scenery around the city that hiking in Seattle is more than a trek around town. Scott Leonard shows you the best hikes in and around Seattle—all within two hours of the city. With details on public transportation options and clear directions on how to reach the trailhead, Leonard has all the bases covered. Suggested lists of hikes include: Best Easy Hikes, Best Hikes to Lakes, Best Wildflower Hikes, Best Hikes to Waterfalls, Best Hikes to Summits, Best Hikes with Kids, Best Hikes for Berry Picking. Let Moon show you all the worthwhile hikes, from short, flat routes suitable for families to day-long, steep treks for more advanced hikers. Each hike profile contains practical information including point-by-point trail navigation, contact information, facilities, fees, parking instructions, and an easy-to-use map for each trail. From the Olympic Peninsula, across Puget Sound, and up to the Cascade Mountains, your trip begins with Moon Take a Hike Seattle.

Customer Reviews

Scott Leonard spent his childhood summers and falls fishing, skiing, and hunting in the Oregon outdoors. He began hiking and backpacking when he started college at the University of Puget Sound in Tacoma. He fell in love with the wilderness areas of Washington—and has never grown tired of pounding out miles of trail. After college, Scott spent several years building and maintaining trails, and teaching others to do the same. He spent a year researching and hiking for

Moon Washington Hiking, and yet another summer on Moon Take a Hike Seattle; never has a job been so easy to get up for each morning. In addition to writing, Scott works as an attorney in Portland, Oregon, where he has a successful criminal defense practice.

I had borrowed this book from a friend a while ago and decided to buy it. It's really great for my family since we are kinda new to hiking in this area. Offers detailed info that helps you identify what hikes are a good fit for you and your friends/family.

excellent reference for sunny days in Puget Sound area

I bought the book 'Take a Hike Seattle' because I needed a book that listed hikes close to Seattle, go figure. It has been a great tool to have. One thing that could make this book better is if they had something to actually show elevation and if they were able to list all the hikes near Seattle. There are many trails that are not listed so I had to buy a second book. I go hiking often with personal training clients of mine so I can show them that exercise can be done outside as well. The book is handy because it ranks the difficulty of the hike (sometimes it's a matter of relative perception, but it's often close.)

Great, thank you.

I've been using this book for a couple of years. I really like how it is organized and cross referenced. Also, the trip descriptions are very clear and easy to read. The reason I'm only giving it 3 stars is because of the large amount of typos spread through the driving directions. For example, in several places he tells the reader to "drive I-90 north to Everett" (I-90 doesn't GO to Everett) or he'll refer to the wrong exit or will describe the exit incorrectly. If you buy this book, just be sure to double check the driving directions elsewhere! And it would be nice if the author could provide errata for the book on his web site.

We're new to Seattle, and find the outdoor options almost overwhelming. Cascades? Olympics? Mount Rainier? Something else? This book lists plenty of hikes for all experience levels, nearly all of which you can do in a day. There's a great variety, and almost every one of them sounds appealing. We like it a lot!

Take a Hike Seattle was a labor of love for me. I included many of my favorite hikes in the Seattle area. I hiked every trail and ensured that all descriptions and directions are spot-on accurate. All hike listings are day hikes within 2 hours of Seattle. Listings range from kid-friendly walks to amazing wilderness hikes. With maps, directions, and short summaries, Take a Hike Seattle is a guide geared to help you easily pick a hike and get on the trail Cheers, Scott

We bought this book for our family trip to Seattle. This was an excellent guide to our outdoor adventure. This is a must buy for outdoor travel lovers.
