## Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for the Caribbean and other locations worldwide.

Extremely useful guide for finding good places to snorkel (the primary reason I purchased it), but also helpful for getting around the island. It also gives dive locations, but I didn't use it for this so cannot judge it on that issue. There are descriptions of the various dive/snorkel locations, how to find the reefs from the shore (if possible), and what is special about that location. Guide also gives information on various tourist attractions on land.

It worked for our trip but it's not very good for road travel.

was a great addition to the other resources we had for our trip. well worth the investment

A great guide and it aligned closely with our actual experiences when we got to and dove the heck

out of Curacao.

Helped get around
