Unchained: Feathers And Fire Book 1

Synopsis

Meet Callie Penrose. Is she Heaven's Devil, or Hell's Angel? Callie is a middle-class, Midwest American girl. And a wizard in training. She works for Roland, a member of the Vatican Shepherds – an elite group of twelve warrior priests who travel the world smiting whatever offends them or their Good Lord. One problem. Callie isn't a huge fan of churches. Not even a minor fan, really. She trains with Roland only to learn how to use those strange magical powers inside her. And because Roland had once saved her and her friend from monsters in a dark alley. But when a Heavenly spear enters an auction in Kansas City, and Roland is gravely wounded, Callie finds herself forced to step up as an interim Shepherd, and her first night on the job puts her in a bidding war against the infamous Nate Temple – the billionaire wizard from St. Louis. And when demons, shifter bears, vampires, and Nephilim attack the auction for the spear, Nate and Callie are forced to join teams, and one-time foes become hesitant allies. Callie must learn where she stands as a wizard. Will she hide behind a man, or light Kansas City afire with a name of her own? And will she finally come to appreciate God? Or will the demons and monsters in the shadows take her for themselves? Because Callie soon learns she isn't just a wizard, and it was never just about the spear. Monsters have evidently been hunting Callie her entire life, and now, they've finally found her. If you like Patricia Briggs, Ilona Andrews, Linsey Hall, McKenzie Hunter, or Ella Summers, you will LOVE the first installment of the Feathers and Fire series. INTERVIEW WITH THE AUTHOR: Q: So, what makes your writing so special? A: I wanted to write stories that mirrored the books I liked to read in my childhood. My top picks were usually urban fantasy, paranormal best sellers, and of course, books featuring your classic gritty, pulp-fiction heroes. Basically, anything with a lot of creepy crawly supernatural characters: mythical creatures, ancient heroes, super villains, and gods. You will find that my stories focus on the ancient myths, characters, and stories we all know, fear, and love. Then twist them up and toss them back like an empty beer can. Q: What other books do you write, and what order should I read them in? A: I also write the Bestselling Nate Temple Series: Obsidian Son Blood Debts Fairy Tale – Prequel (FREE to email subscribers) Grimm Silver Tongue Beast Master Tiny Gods Q: So, why should readers give your books a try? A: Because my writing is a present day thrill-ride that takes no prisoners. Dragons, Angels, Demons, Greek Legends, Wizards, werewolves, and a whole slew of other supernatural – Freaks – abound in my stories. My books have hit the #1 bestsellers list on Kindle for Science Fiction and Fantasy dozens of times. The plots twist and turn until the last page, and my twisted sense of humor will have you laughing out loud at things you

really shouldn't be laughing at. Feathers and Fire Series eBook categories: Dark Fantasy Supernatural Thriller Witches & Wizards Urban Fantasy Thriller Supernatural Shifter Angels & Demons Science Fiction & Fantasy Paranormal and Urban Romance Supernatural Mystery and Suspense Vampires and Werewolves Scroll up and tap or click BUY NOW to jump face-first into this wild ride with demons, angels, shifters, and vampires TODAY!!

Customer Reviews

Absolutely loved the female main character and the different point of view for Nate. I couldn't get enough of the developing powers of Callie and the different monsters she faced. What a great book.

I really enjoyed Unchained. I thought Callie was great and that she'd be much better for Nate than Indie. I loved the religious aspect and thought Roland was a pretty cool kind of guy too for a holy warrior if a holy warrior can be that grumpy. Callie was just discovering all her aspects of magic and that was fun and then we got Nate tossed into the mix. Nate has always been pretty hot anyway and I personally liked him better in this than his own series only because he has SO much to do in his own world. Then there was Johnathan and Gabriel two more hot guys that add some spice to the

mix. We had werebears, vampires and a nephilim or three. This was a very cool book and I'm looking forward to the next installment. (less)

If you are addicted to Nate Templer series this gives you another sample of his life. But I am annoyed the author is launching a side series without progressing the main storyline. But I can understand as he has written the series into dead end characters, destroyed Nates sympathetic love life and generally started the downward spiral too familiar for series where the author keeps going after he should have wrapped the series uupThe main character Callie is somehow not that engaging and her mentor Roland comes across as bit to mysterious with secrets that do not bode well. Some of the nuances and characters will be slightly confusing if you have not read the Nate Templer series.

A very strong and interesting start to a spin off series for this author! I adore the Nate Temple series but he feels different in this series than he does in the others. Thoroughly enjoyed this and look forward to learning more about Callie and what she has to do with Nate's future!

Shayne Silvers has done it again, one more notch in his belt.Callie Penrose is everything you could wish for in a budding hero, on a quest to find her place.This book was truly wonderful and we now see Missouri has a protector in the West, as well as the East.I can see a future where the heroes join together to save the world.Again, as always, thank you Shayne Silvers for another exciting ride in the World of not only Nate Temple, but now also Callie Penrose.

Glad to see more from this universe. Well written again, definitely going to be reading the next ones - publish faster!

This book will take you by the ears and pull you into a storyline that will hold you relentlessly. You need to make sure that nothing is planned when you start any of Shane Silvers books but this one will keep you reading and laughing and feeling such a mixture of emotions you won't realize you are finished until there are no more words to read.

As a big fan of the Nate Temple series, I viewed this book with excitement and a little fear of being disappointed. To my delight, the book was full of plenty of the former and none of the latter. Always a fan of crossovers, I was pleased Nate plays a major role here, but to the author's credit, Nate is

not allowed to dominate for very well thought out reason. This legitimized Callie as a character to build upon and not play the damsel in distress. Additionally, her abilities are much different than Nate's, making her a force in her own right rather than merely a less powerful Nate with 2 X chromosomes. I would like to see a better explanation of her magic similar to the Temple series but perhaps that will be forthcoming in the next book. Overall, strong start to a new series.
