I am really enjoying the Left Behind: The Kids Live-Action audio series. Well-acted and every episode has captured my attention. As an adult, one of the reasons which drew me to the audio series is because LaHaye and Jenkins intertwines the Left Behind universe and its characters together, so if you are reading or listening to the audio series of Left Behind, I highly recommend listening to the Left Behind: The Kids for a little bit more in-depth coverage of recurring characters. In Volume 3, the series focuses on Vicki being captured and being adopted by a family. Time has eventually passed with the Judd, Ryan and Lionel living their lives but this volume focuses on a major loss of a friend and mentor and often at times, a parent. With our main characters now working with other characters, the team grows but at the same time, a cataclysmic earthquake happens. Setting things up for volume 4. Definitely worth purchasing! If you read (or listen to) "Left Behind", I highly recommend "Left Behind: The Kids"

Enjoyed this series and this makes it seem so real and that I am actually there-Amazing! I wish I had the rest of it I actually lend it and need a new copy

...This audio series for kids is very well thought out and intelligently written being translated from a long string of books (24 at present). Original music and great sound effects round out a great presentation. The voice acting is top notch. I got interested in the Left Behind series and progressed to the kids books and was glad I did. The stories sometimes overlap the adult books a bit and give some insight into some happenings of the adult series. Bravo for this nice touch! The Left Behind audio series is just as brilliantly done as The Kids audio series. Any fan of these books owes themselves the pleasure of pure immersion into the Left Behind world.

I would've given 10,000,000 stars if possible! Best audio story ever, great for kids and adults. Trust me, anyone, boy or girl will love these. It's great to listen to on long travels or at night. I've listened to these millions of times and they never get old. BUY LEFT BEHIND LIVE ACTION AUDIO-you won't be disappointed. It's the BEST!!!!!!!!!!!!!!!!!!!!!!
