Panzer Regiment 8: In World War II: Poland-France-North Africa

Synopsis

Formed in 1936, Panzer Regiment 8 served in both the 10th and 15th Panzer Divisions and saw action in Poland, France, and in May 1941 with the famed German Africa Corps, under the legendary Rommel. The regiment went on to serve with high distinction in every major battle fought in Africa until May 1943, when out of fuel and ammunition, the regiment's ability to fight on came to an end. This book sheds new light on the history of the German panzer arm and gives in depth detail of the lives and battles that were fought by these proud Swabian troops.

Customer Reviews

The book is organized well and gives personal accounts from the members of the unit during their wartime experiences. I thought the author's attention to detail was exceptional and gave fresh look into life as a German tank unit during a pivotal campaign. The book is a fantastic reference for life in the North African desert war.

I bought this and was expecting a book loaded with photos of panzers and the men who served in them. This is more a written history of this regt, and not a photo book. This would be for someone who collects documents ect to this rgt as you can track who, what, and where in words.
