eh. I had pretty much learned everything that was covered here, by clicking around in their website... but I enjoy looking up vacation stuff anyhow. If that isn't "your thing" then this might be very beneficial.

comprehensive coverage of RCI points system. Explains options , opportunities regarding quite complex points system in good detail . highly recommended for readers with limited knowledge of points system operation.

So informative, neutral and accurate, that my office has adopted it as the company training textbook. A must own for timeshare points sales reps, to give valid information, pros and cons to your potential customers.

Fast delivery! Great product ! Definitely will save me \$\$\$\$ at RCI

A little behind the times but good overall info.

Excellent book, is for everyone from timeshare owners to timeshare sales people. This book really answers a lot of questions and helps the people to have a better understanding of the RCI global points

Some good info but book was not edited very well. Numerous typo errors and repeat paragraphs. Was more like reading a thick pamphlet instead of a book. Again info seemed solid but actual editing and printing seemed amateurish.

Excellent book to use your RCI points.
