## Customer Reviews

A great fun sexy adventure! I would have given this story another star if the abilities of the heroine were a little bit more believable. But the world building and editing were excellent. The characters are fun. And it has a HEA!

Not sure what more I can say than my title of this review. I was riveted from beginning till the end. My eyes were watering so bad because I was so tired but I just couldn't stop reading it! Jaida and Seth's story was awesome!

Wow this is one tale of jealousy that's really over the top. It's also a tale of love so strong nothing is going to keep one from the other. Of course one is going to be begging for a really long time.

Alpha male falls for girl, and then he completely fails at proposal, so girl runs. Alpha continues to chase girl due to his hurt, never realizing what she's going through. Thankfully girl becomes even stronger, and the Alpha comes to his senses.

I liked the beginning half of the book. It was well thought out and I felt the time line wasn't rushed. However the ending of the book did feel that way. Just.... We are together! That's it, the end. Shrug

Good story. Excellent characters, I especially liked the incredible strong heroine. Good plot, not too much drama. My only complaint was the ending seemed abrupt. Over all great.

I love Mina's books! The romance is always hot with just enough angst. There were some darker parts to this tale but I loved the conclusion. I can't wait to read more from her.

They fell in love, were torn apart, and smashed back together. I loved the secondary characters and the exciting adventure. I'm looking forward to the next one in the series.
