Customer Reviews

Babies love looking at other babies and these charming baby faces will captivate and delight toddlers and babies. They will ask to look at the book again and again. Now available in French/English.

Star Bright Books (a small publisher devoted to creating great books) editors wrote and developed My Face Book and we all loved looking at all the photos of babies to find just the right pictures! We hope you and your child enjoy the book as much as we do.

First, the positive - my 14 month old daughter loves this book because she enjoys looking at the baby faces. However, I am disappointed in this book. I was expecting a book to identify parts of the

face, not expressions, but even with expressions they are inconsistent. For example: awake versus sleepy, or worried versus happy. It could be coincidence and not intentional that some are opposites and some aren't, but I honestly expected something different.

Wonderful photos appeal to babies. Masculine forms for female faces seem strange.

This is a darling book!!! My grandchildren love it! They are 8 months and 18 months old.

I got this book for my granddaughter, she is very young yet, but she loved the pictures!!!!!!!

Adorable baby book! Loved the photos and diversity present.

Not quite as big of a book as I expected but still a very delightful book. Bright pictures that baby will love to look at, over and over.
