That was a close call. It's a good thing I decided to stay home.

“The comic irony of the text will amuse readers, and Charlie’s quirks will win many fans.” (School Library Journal) “Young readers will chuckle at the unabashed, obvious humor and will especially enjoy finding the hidden, unnamed chipmunk buddy on every page.” (Kirkus Reviews) “Adult readers will recognize in Charlie’s voice the understated humor that has made Drummond’s blog so successful; kids should find it irresistible.” (Publishers Weekly) “DeGroat’s cozy illustrations picture a beguiling Charlie on a comfortable ranch with appealing accoutrement. An observant chipmunk adds an extra touch of humor, and a lasagna recipe is thrown in for good measure.” (Booklist)

I love watching the Pioneer Woman on the Food Network. The recipes are always like comfort & stick to your rib type of food. I also love when she talks about her family. Charlie is a member of her family and this book gives an insight to life on the ranch and the adorable Charlie. I am so happy that Ree has books dedicated and about her beloved pooch, Charlie.

My daughter is picky when it comes to books but this one was an instant hit. She received it as a gift for her 2nd birthday because the Bassett hound main character looks a lot like our beagle. It is beautifully illustrated and humorous! We love the little chipmunk on every page that is still a fun "find it" game. Even I am not sick of it after reading it a gazillion times. I think this could be enjoyed by anyone young or old, especially dog lovers. I'm excited to read more of Charlie's adventures.

I just bought the Kindle edition of Charlie the Ranch Dog for my 6 year old nephew and thought I would preview it. Needless to say, I ended up reading the entire book. What a charming, delightful, funny story. I felt myself smiling and chuckling the whole way through. I can see that this will be a favorite for a long time. Maybe by then my 18 month old grandson will be ready for some Charlie too.

Great book for any little one! Great pictures too, they did a great job!

The story is written from the perspective of a "working" Bassett Hound. It's a sweet story that should please both parent and child. My eight year old read it to me and there were opportunities for talking points as well. The illustrations were excellent as well.

This book was purchased as a gift for a 4-year-old girl who was about to be a big sister again. I'm told she loves it!

Great story and good author!

We love Charlie!
