# Illuminated Prayers

## Synopsis

"I think of prayer as a spiritual lifeline back to where I most want to be," Marianne Williamson writes in this new book of universal prayers. Prayer is a powerful force that can lift spirits, guide journeys, and heal the heart. *Illuminated Prayers* is a small volume of spiritual wisdom to bring the power of prayer into our daily lives. Illustrated in the manner of an illuminated manuscript, *Illuminated Prayers* offers a treasured keepsake of the power and enduring relevance of Williamson's message: Prayer illuminates our souls, and with prayer we can change the world.

for a copy I bought when it was first published and then promptly gave to a friend who was going through a bad time without getting to use it myself. I wanted a copy for a friend who is a Marianne Williamson fan and was moving away. I decided to treat myself and get a copy for me too. The calligraphy is beautiful and the volume is small and thin making it easy to carry in a purse or bag.

You can read it prayer by prayer or randomly open the book and read the prayer that is available -either way I find the book is helpful when confronting the issues and difficulties of day-to-day life.

Bought this for my step-mom who has a profound affinity for medieval word art, and pretty much everything celtic and written by Sir Walter Scott. I appreciate all those things too, but not in a wide-eyed, ecstatic grin and unable to speak for 2 minutes kind of way--which was how she reacted when she received the present. I had thumbed through it as well, before giving it to her, and the artwork and wording is indeed quite beautiful. Not sure if this even really needs a description for those whose attention was arrested by the thumbnail--so if Sir Walter Scott, medieval word art in the tradition of those ancient manuscripts the monks would draw by hand in their monasteries and everything Celtic appeals to you a fraction as much as it does to my step-mom than this is a must-have for your library and would make a wonderful gift for anyone else. The beauty and rich heritage of works such as these is such that deserves to be reintroduced to modern generations. It's hard to imagine how anyone couldn't appreciate it and I would heartily recommend it as a gift for any special, classy ladies in your life.

This book was purchased as a gift for a friend. I have had one for several years. Just love the colors and beautiful verses and illustrations. It's definitely a beautiful book that deserves a special place in your home (mine is sitting on my glass cocktail table). It's turned to one of my favorite verses and often I take the time to read through the other verses.

Gift for my mother and she was thrilled. Replaced a lost copy of one of her favorites.

Beautifully illustrated

This is the most beautiful collection of prayers I have ever had the privilege of reading. The phrasing and words are such that the reader finds herself in awe at their eloquence and power. For instance, although I might pray for guidance and direction in finding and using my God-given talents, Williamson says simply and beautifully, "Maybe my gifts begin to blossom in a way that serves your plan?" Adding to the value of the slim book are the illustrations and "rich" script. I'm glad that is still offering copies of this beautiful collection; it's the best gift I can think of to give a spiritual woman.

Love the real life prayers. I bought all of they had on , 5 I think, and gave as Christmas presents.

This was a gift as I have had my copy for at least 20 years. It's a beautifully illustrated book and Marianne Williamson's prayers are uplifting.
