Customer Reviews

This book is very well written... Insightful to say the least. I would recommend for anyone who is looking into the craft, who feels the witch mother calling to them. Can't wait for the next good writing to come!

This book is one of the best ever written about the Goddess..... her words are beautifullike

poetry to a soul.... pray & hope that Vivienne Moss keeps writing... this book spoke to me beyond words. Thanks & blessings

This is an excellent book. Very well written and it is like the author is talking through you. Look forward to more work by this author!

I have never in my life read a better book and I am a voracious reader. The feeling and devotion in the pages of this book are truly magical. I am also a child of Hecate. I cannot thank the author enough for writing this book. It is wonderful perfection.

Its not what I thought it was,,its a story of why this lady worships Hekate.

I bought this for my wife and this is what she had to say about it.This is an amazing read. As a follower of the path and of Hekate, I found myself mesmerized by the poetic imagery and beauty in detail. It is a short read but one I made myself read slowly as to soak in all the images that it induced for me,goosebumps were numerous. I would recommend this to anyone following a Goddess path even if it is not Her path. So do yourselves a favor and get this book. it is well worth the read!

I have been drawn to this book for quiet a while before I purchased it. I had read almost all the reviews on this book, and approached with an open mind. I really enjoyed Seeing how the author connected with Hekate and how we had similar and different experiences with her. It is the authors personal journey and her own musings. The end of the book had great ideas and an even better recommended reading, which I look forward to doing. I liked it for what it was.

Such a simple book with so much heart and dedication. This book is more of a personal experienced expressed vs a history of Hekate which I love! Her writing is so inspiring and vivid. A must have for any collector or beginner that is creating a relationship with Hekate. This book is a def.blessing.
