Harmony Black (Harmony Black Series Book 1)

Synopsis

Harmony Black is much more than your average FBI special agent. In addition to being a practicing witch, sheââ ¬â,¢s also an operative for Vigilant Lock, an off-the-books program created to battle occult threatsâ⠬⠕by any means necessary. Despite her dedication to fighting the monsters threatening society, Harmony has become deeply conflicted about her job. Her last investigation resulted in a pile of dead bodies, and she suspects the wrong people are being punished for it.While on a much-needed vacation, Harmony gets pulled back into action. This time, though, sheââ ¬â,¢s gone from solo work to being part of a team. Their target: the Bogeyman, a vicious and elusive figureââ ¬Â|and the creature that destroyed Harmonyââ ¬â,¢s childhood.Surrounded by quirky, fascinating characters as dedicated to one another as they are to their new partner, Harmony must learn to trust her teamâ⠬⠕and a new romantic interestâ⠬⠕on a dangerous and deadly mission that conjures up memories sheââ ¬â,¢d much rather forget.

Customer Reviews

Since I just read (and enjoyed) the first in Schaefer $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{a},ϕ s Daniel Faust series, I was really excited to see the first in his new series as a Kindle First pick. Jumped right on it without even looking at anything else. And now, even though I enjoyed it a lot, $I\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ â, ϕ m kicking myself. $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{A} "Harmony Black $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{A} • is set in the same universe as the Faust series and there are major spoilers for that series in the first chapter. So $I\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ â, ϕII start by saying if you want to read or haven $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ â, ϕ t finished the Faust series, do that before reading this. Sigh. **Like Faust $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ Å"Harmony Black $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ Å• is demons/angels fantasy not vampire/werewolves, etc. but while the Faust series is pure $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ Å"pulp noir $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ • fantasy, Schaefer takes on a different style here- $I\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ â, ϕII call it $\tilde{A}f\hat{A}c\tilde{A}$ \hat{a} $\neg \tilde{A}$ \hat{A} "police procedural $\tilde{A}f\hat{A}c\tilde{A}$ \hat{a} $\neg \tilde{A}$ \hat{A} • fantasy. The title character is an FBI agent and the book centers on her and her team on a case involving child abductions. It could easily be a standard mystery thriller but in this case the crime involves the occult and the agents have their own $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ Å"magic $\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ •.But it is definitely fantasy so set your expectations accordingly. Not light fantasy with a super powerful heroine and hunky vampire boyfriend. It is grittier, with more violence (but not over the top). In mood and style it feels much more like a suspense thriller. No sex and little, if any, foul language but definitely has $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{A} "demonic $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{A} • themes.I think I may have liked this one even more than the Faust book. In the afterward the author mentions that he wasn $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{a},ϕ t sure if he could make Harmony Black an interesting and appealing character (she evidently appears in later Faust books). I think that he was quite successful- I liked her a lot even though she clearly harbors some misconceptions about Faust :) $I\tilde{A}f\hat{A}\phi\tilde{A}$ â $\neg\tilde{A}$ â, ϕ II probably still read the rest of the Faust books- I think that one of the $\tilde{A}f\hat{A}c\tilde{A}$ \hat{a} $\neg \tilde{A}$ \hat{A} "spoilers $\tilde{A}f\hat{A}c\tilde{A}$ \hat{a} $\neg \tilde{A}$ \hat{a} , c is misleading- but I definitely look forward to reading more about Harmony.**ETA: See comments. Those who know assure me that this is NOT as "spoiler-y" as it appears. Good to know! But although Harmony can definitely be read as a standalone- and a separate series- I still wish that I had read all of the Faust series first.

The description sounded like it might be a good read. It wasn't. It was a great read! I had never heard of Craig Schaefer before, but now I will be seeking out more of his books. Highly engaging, highly readable, and captivating. There were some parts that were so chilling that I literally shivered. I won't say which, but trust me -- there's some creepy stuff in this book. Such a unique genre. Kind of like a supernatural mystery/crime story. A touch of TrueBlood mixed up with Piers Anthony. A bit like

Guy Noir meets Friday the 13th. The term "demented fairies" comes to mind, though there are no fairies in this book. Before today, there were only two books I ever found so captivating that I read them straight through, cover-to-cover, in one go. This was the third.

First disclaimer: I am a reader of Crime, Mystery or Thriller genre novels, not Fantasy. That being said, I actually liked this book. The protagonist is "Harmony Black" who is an agent for the FBI. She is approached to join a Black Ops organization called "Vigilant" as part of a team called "Circus." Why? Because she is a witch. OK. This sounds like it's way out there in the Twilight Zone to me but Craig Schaefer makes it work for a hard-core Crime reader like me. The story is told in the first-person and has no sexual content like so many fantasy novels. There is a little bit of attraction between Harmony and a former neighbor boy who is now a Deputy Sheriff but it is short and g-rated. The novel is written like a normal crime story, except the bad guys are demons and the agent is a witch. Much of the story involves regular crime-solving techniques operating in a hidden other-world operating within our "normal" world somewhat like the TV-series "Grimm." In a nutshell, about every 30 years 6 children disappear from their cribs in a small town called Talbot Cove, Michigan. In each case, the evidence points to a parent being involved. The team who is assigned to hunting down "Hostile Enemy 17" include Harmony, the witch; Jessie, a half-breed, female "Big Bad Wolf';" April, an older lady in a wheel chair; and Keith, a computer hacker. Sounds crazy, but this combination works to make this a great story about chasing down Hostile Enemy 17, aka the "Boogey Man." Apparently, this is a spin-off of a character introduced in "Redemption Song" the second Daniel Faust novel by the author. However, you do not need to read that series to enjoy this novel. This is a new spin-off series opening up the fictional world created in that series. Harmony Black is a quick, light, enjoyable read.

Where to begin?!! Hard to concentrate after having ridden the world's highest, fastest roller coaster!!Amazing!! Thrilling!! Breathtaking!! This is the first book in years that I literally could not put down!! I am just glad it was a weekend, as I no longer have the fortitude to read all night and work the next day. $\tilde{A}f\tilde{A}$ \tilde{A} \tilde{A} \tilde{A} \tilde{B} \tilde{C} \tilde{C} \tilde{A} \tilde{C} This is definitely a stand alone novel. And although there are occult elements in this novel, don't let that put you off if you happen to dislike such reads; the supernatural portions are so successfully integrated into the storyline that after you've finished reading, all you will be aware of is a darned good crime novel with a dedicated, yet whacky cast of characters. Think 'Men in Black', 'X Files', and surprisingly 'Dragnet' all rolled into one....quite successfully, I might add!!Without giving a spoiler, I did see the answer about halfway through the

novel, but so would anyone with an analytical mind. It did not, however, spoil the rest of the book, as I was left wondering how the answer would be applied. Normally I would add more insights and impressions about such a fine book, but I'm afraid I'm practically jumping out of my skin to read more by this author, having already downloaded another of his books!! $\tilde{A}f\hat{A}$ \tilde{A} \tilde
