Teen Cash Apps! How To Make Money On Your Terms Without A Traditional Job

Synopsis

A Job is Not the Only Answer You can make money without a traditional job! We've been taught traditional jobs are the only solution to making money and living a better life, with more freedom. But after a couple of years in the so-called "job market" you quickly realize this is NOT the only answer. In this book, you'll learn how to make money on your terms without the need of getting a traditional job. There's nothing wrong with a job. Sometimes they can be a lot of fun and a great resource for funding other ventures. More importantly, jobs can often expose us to new ways of working and new ways of money making money. Jobs can sometimes show us how to work well with others. Working for oneself or as a freelancer does not eliminate pressure, stress, or the need for security (and benefits). Working on your terms enables you to work when, where, and how you want. Granted, sometimes working on your terms means working more, not less, especially when you are starting out as an entrepreneur. But you'll quickly enjoy the benefits of making money this way. Unemployment for teens today is close to 18%, and it even higher in some places. If you look at genuine statistics and facts, not the information provided by the government or political parties, you'll begin to see a much different picture. But this is not a book with a bleak outlook. This is a book of practical, street smart advice, and insight to help you make money.

Customer Reviews

I happened on this book by accident. I can't remember how I found it but I'm glad I did. My review title says it all for the author and his editor: Change The Title And You Have A Real Winner!The title should be simply: "How to Make Money on Your Terms Without a Traditional Job".This is an excellent book for people of all ages, from all walks of life, whether or not they are currently employed, whether they're looking for a full or part time source of income.The book is an easy read and an excellent source of ideas, information and resources.

This has some good ideas. Some of the suggestions are fairly obvious, but some were unexpected and the author makes a good case for some of the more unusual ideas. The book is a quick read and the author does a good job in getting his information across without a lot of 'fluff'.

First, I did receive this book free. It was worth much more and I can't believe there are not more reviews written about this wonderful book.The author was very thorough and concise. This book was full of ideas that had never even entered my mind and they were workable. Some were easy and others were hard. This book is really not just for teens but also adults who are looking for unconventional ways to make some money or even extra money.This book was an easy read, the words flowed if you know what I mean. If you really need some fresh new ideas for making money it's worth it to purchase and try out some of the ideas.

I thought this was an absolute waste of time. When I looked up "ways for teens to make money", this crap was the last thing that showed up. Waste of £4.59!
