Customer Reviews

I really like books like this, which are priced cheap, are quick to read, and contain a lot of information about the subject matter at hand, without trying to overstep their bounds and cover too much.As a frequent flyer of Kindle short reads, (see my other reviews) I strongly think that this is the type of content which should be all over your kindle. This book gives you everything you need about grant writing, and lets you go off and make your conclusions. This is a great way for a beginner to get excited about grant writing and to begin to understand this topic.

not happy with this

Well written book, this book offers amazing advice for anyone who is interested in starting a business, as applying for grant is an essential component of it. Without grant, an individual may have to struggle a lot more. This book offfers practical, and step by step advice on exactly what to do the get the grant an individual may need in order to start a business.Worth learning!

Do not waste your money this is a ripoff warning this is a ripoff

How To Apply For A Grant is a step by step guide that covers the basics concepts and take action steps you need to apply successfully!The author breaks the process down so it's easy to understand and follow, while giving you tips and tricks to think about that will increase your success rate.Learned lots and if ur looking to apply for a grant, this is a great place to start!

Well written book, this book offers amazing advice for anyone who is interested in starting a business, as applying for grant is an essential component of it. This book taught me a lot of information that I can be used for starting application. It covers an important content which are taking stocks in 6 steps, investigation your eligibility, types of grants and much more.

This book contains some invaluable advice from planning your application to dealing with the IRS. Along with a healthy dose of common sense advice you will find guidance on what to do and when, what to expect from the process and useful tips to help get yourself organized so you don't find any nasty surprises on the way.

Useful look at the grant application process. The system and paperwork involved appears immediately overwhelming but just knowing what the questioner wants when asking the questions helps enormously in answering the questions effectively. I found the chapter on getting the basics right particularly useful.
