I have come to realize that there are many differences among all the angel, tarot, oracle, lesson cards out there and what I have personally recognized is that the energy of the cards and the quality

vary greatly. I seem to always bring up the esthetics of the cards as I believe the visual appeal is very important. This new set of James Van Praagh's Lesson cards are very beautiful. The edges of the cards glisten with a gold sheen, the colorful mandala on the back of each card and the very colorful mandala and guidance on the front which was created by the artist, Charlotte Backmann. The handling of the lesson cards is seamless as they are not too bulky in the hands and the thickness of the cards is perfect for easy shuffling. I have found with some of the other card decks out there that they can either be too thick and not shuffle easily or they are so thin the edges pull back and look worn after a few uses. I have been using these cards heavily and have yet to see any deterioration on the sides of the cards. This deck of cards follows the newly released title by James Van Praagh, *Adventures of the Soul* which I highly recommend as a read if you are interested in learning about what happens once we leave this physical earth. The *SOUL'S JOURNEY* Lesson cards and the *Adventures of the Soul* are great companions and a great start for the novice or experienced one who is interested in increasing their intuition and growing spiritually. I am so grateful that I have had the opportunity to review the spiritual titles and oracle cards for Hay House as this has been a great soul lesson for me as well. This opportunity has allowed me to grow as an angel communicator and card reader. Every obstacle in our lives is an opportunity to learn and grow. We may not understand why things happen to us but there really is a reason and a lesson to be learned from all situations. Life can be challenging at best and sometimes it is hard to see the forest for the trees and using the lesson cards is just one way we can help ourselves to a better understanding of all that is.

The Soul's Journey Lesson Cards: A 44-Card Deck and Guidebook I have loved James forever, and these cards are so beautifully done. Easy to use, book with all the information needed to do the readings, Cards are trimmed in gold, fit very nicely in the hands and the color is very vivid

This is my 1st deck of Oracle or Lesson Cards, so I am defiantly not an expert by any means but I think that they are very nicely done. I have been using them almost daily to find out what lesson I need to learn for the day and I feel very connected. So happy I bought them!

I've used this deck for about 6 months and I LOVE it! I use it in conjunction with other decks I own and I ask Spirit "What lesson is Spirit telling me to focus on?" or for clients, "What is the lesson needs to work on?", etc. and this deck provides the answer with a beautiful graphic to meditate upon. James Van Praagh provides a loving, clear, and gentle explanation for each lesson. Even if

you don't use the cards (which are beautiful!), the Guidebook is a gem!

These cards are so gentle to use. Lovely and loving messages. I own many decks of oracle cards and I'm glad to add these to my collection. And I get to see him in person in 2 months. Can't wait!!

Very nice cards, I purchased the Souls Journey Book as a companion to this deck. It covers a little more in depth what the meaning of the soul cards are all about and offers various stories in suggestion for using the cards for different soul lessons. Good duo purchase!

Start your day with a connection to these cards and watch how your life will change for the better , can be mind blowing.

Challenging and insightful. Highly recommend this set of cards
