The Trapped Mind Project (Emerilia Book 1)

Synopsis

Book 1 in the Best Selling Emerilia Series! Austin Zane leaves behind his CEO position with RB Corp to play Dave, a half-dwarf in the Virtual reality game Emerilia, trying to escape his life. What Dave doesn't know is that Earth as he knows it, is really a virtual reality simulation and Emerilia is a world imbued with futuristic technologies to mimic early MMORPGs. He just wanted peace and quiet, to build a house, do some fishing, to take some time to find himself once again. What he found out instead was a cause, he found out the biggest lie of his life. He found out the truth about Emerilia and the lies of Earth. What's the best way to control slaves? Make them think that they're free.

Customer Reviews

The poor word choice left me confused on multiple occasions, wondering what exactly the author is writing about. Add to that the inconsistencies in the plot that continually broke me away from the story and I find myself with a lackluster tale.

A good start to an interesting litrpg story. The MC is an interesting character who is definitely skirting being OP but despite this I enjoyed his personality and methodical character development. Its a much more of a crafters story for most of the book with snippets of action every so often so if your not into crafting and skill progression but want your MC killing thousands of monsters on his path to fortune and fame than this will likely not be the book or series for you. The end battle is pretty good though so if your on the fence I would recommend giving it a chance.

Enjoyed reading a full length novel that melds Fantasy and Sci-fi and is complete in itself. It definitely fits in the LitRPG subgenre, with characters that were more fleshed out than usual and a unique premise. I strongly recommend this book and look forward to continuing to read this series.

The characters and plot are extremely interesting. It really pulls you into the story and makes you want to be apart of the world.

This is an awesome book! Once I started reading this book I couldn't put it down. Wow, is all I can say. I can't wait to read the next one.

this is a good start to a very enjoyable series. the main character gets a little overpowered but the author makes up for it with good character interaction and storytelling.

Really enjoyed this book it had everything you could want in a Litrpg leveling and stats and good story to keep you reading

I like this series. I have read all books so far, and am waiting on the next.
