Best Sellers Rank: #25,979 in Books (See Top 100 in Books) #74 in Books > Reference > Dictionaries & Thesauruses > Dictionaries #213 in Books > Reference > Dictionaries & Thesauruses > Foreign Language Dictionaries & Thesauruses #307 in Books > Reference > Foreign Language Study & Reference

## Customer Reviews

The Larousse editorial team includes many language and reference experts based in countries around the world. In this way the linguistic team keeps its finger on the pulse of living languages as spoken by the native-language speakers of these countries.

The size of the book is perfect for anyone studying french in an educational setting. It's small and light enough to fit in your bag without breaking your back with everything else you have to carry. I like it a lot! It has a lot of good words. The conjugation tables are a nice plus also! There were a lot of conflicting reviews without photos about the size, so I added a few! Hope this helps!

I needed a smaller dictionary to use when reading French texts and this French/English and English/French dictionary fits the bill beautifully. I already have the hardback Larousse College dictionary which requires a forklift to get off the shelf (and a great substitute for a workout), and this sturdy paperback edition is ideal, with more than sufficient words for almost every situation. It is quite a thick pocket book size, but probably too big to carry comfortably on your travels.

This book is very thick! I know the measurements are on the description, but this should not be marketed as "pocket-sized." The translations seem fine, but when looking at the English to French translation only the pronunciation is given in English. I would then have to flip through the French to English translation section to find the French pronunciation. It was hard to use and bulkier than expected.

Book arrived quickly. It is a full dictionary with phrases in English and French. More information than I was seeking. Would be a great book for most travelers.

I think my French W is off. Mostly English.

C'est parfait pour les anglophones comme moi :)

loved this book, fast shipping

I love the phrases and the different conjugations they provide. This was very helpful for my French classes.
