Nursing Ethics And Professional Responsibility In Advanced Practice

Synopsis

Nursing Ethics and Professional Responsibility in Advanced Practice, Third Edition focuses on the historical background, knowledge and leadership skills necessary to improve the quality of health for both individuals and society. The text takes a comprehensive approach in addressing contemporary health issues faced by healthcare professionals across a variety of settings. The Third Edition has been updated to reflect changes in the healthcare landscape and to explore how this impacts and expands the role of the advance practice nurse. New to the Third Edition: Exploration of the role of inter-professional ethics Expanded content on social justice including advocacy for vulnerable populations and global issues Additional content on gerontologic issues New content on men's health issues and substance abuse Focus on perioperative and CRNA issues

Customer Reviews

The content is not great but it was on the reading list for a class I am taking. Next time I might just try interlibrary loan. This is the first time I have ever purchased something from I was really unhappy with, just have not had time to check the return policy. The book itself is in poor condition, heavily defaced with very bright hot pink highlighter to the point of being, for me, difficult to read.

This text is the best ethics text I've read. Real life cases from nurses included. Gives multiple perspectives on different issues. Later chapters focus on specific areas of APN: CRNAs, Adult, Women's Health, Pediatrics. Second version coming soon I'm told!

good

Item arrived as promised and is a typical Text book, I gave it 4 stars since It is not the best ethics text book I have seen and we have to supplement with lots of additional readings in class.

Bought it to study for Nurse Practitioner board exam. It is ok but there are better resources and I sent it back unread after scanning it.

The book was fine. I decided not to take the class so I no longer needed the book and returned it.
