Customer Reviews

A fabulous series for young guitarists.

This is the last of the three volume set for introducing young guitarists to their instrument, I have used all three volumes now and my students are doing very well. This is the hardest book of the series my students often spend the most time in this book. Over all these authors are great and have done a magnificent job of portioning learning notes and playing fun children's songs. Highly recommend these volumes.

Thank you, my book came promptly and in the exact condition described. I was pleased.

Great book!

A good starter series for young kids starting out on guitar.
