FORGIVEN BUT NOT FORGOTTEN? (Harlequin Comics)

Synopsis

For years, Andreas Xenakis had a single-minded determination to find Siena DePiero and exact his revenge on her for ruining his life. Siena, once a rich socialite, now works as a waitress to make ends meet after her father's company went into bankruptcy. The two meet once again and the attraction they felt all those years ago comes rushing back. Andreas is determined not to let his desire for Siena get in the way of his revenge, and Siena is overcome with the guilt of what she did to him. So when Andreas makes Siena an offer that is too tempting to turn down, what will they do? Will Andreas's anger overcome his desire for Siena? Will Siena summon the courage to tell him the truth?

Customer Reviews

I enjoyed this book. Andreas grew up in a caring home but was ambitious. His ambition paid off into billions. Siena grew up surrounded by wealth but wasn't comfortable and both she and her sister were terrified by their father, he use to terrorize them. Siena first met him at a ball she was working at while she attended. There was an instant attraction and then they acted on it. She was terrified of her father's cruel punishment so she lied and said it was his fault. Her father had him beaten and

blacklisted all around the country so that's he had to leave. Her father ended up wasting and losing his fortune. Then we jump about 5 years when he spotted her as she was waiting tables. He makes an offer, one she desperately doesn't want to take but she needs it in order to provide her older sister with psychiatric help. Andreas' s goal is revenge and to purge himself of her memory. She tries to stand up for herself but he doesn't believe anything she says. Siena is struggling to protect her sister and herself. They go through many ups and downs and some bring them close to hating one another. If you want to find out what happens to them then read this book.

I agree with most of the readers about this book- Romance is alive and doing well in this wonderful book. I'm not going to tell you the story because others already have but I want to say that I loved, loved, loved this book. Lately I've been reading books with little or no conflict- really how much sex can you have before it's a bore! This book has a wonderful story of misunderstanding and love. Two characters that could not live without each other, just wonderful. Every night I would read a little because I just didn't want to reach the end, I wanted this book to go on forever- alas it ended too soon. I gave this book five stars and recommend it highly.

good

As I appear to be the first to review this book all I can say is this book is perfection personified. I RELY on all of your reviews to help me spend my reading \$ wisely. Be prepared to put something in the crock pot cause you are going to need this or you and your family will not eat once you start reading this book. My hope is that authors reads our reviews so we can convey our appreciation for the hours of joy and escape of our regular duties they provide. I am jealous that you all will be reading this book while I am cooking, cleaning, working and sleep deprived as it is 5:14 am here and my day is just beginning; trust me, the book was worth it. Enjoy and savor every chapter.

She never miss on a good story.

If you're a fan of Harlequin Presents, I highly suggest this title. It's got the common themes we all know and love: alpha male, revenge, gross assumptions about the heroine, paid for being a mistress...etc. This particular author/title pulled these cliched plot points off wonderfully. The major conflict which exists to create friction between the characters was believable and the reasons that the characters don't just resolve the conflict with a quick conversation were also warranted. I've read

hundreds, if not thousands, of these Presents novels and "Forgiven But Not Forgotten" will be on the top 10 list.

I always love to read this series when I need a quick book and this series always delivers an emotional quick read. This book was intense and his anger at her was the driving force behind his success. I loved the ending of course.

A wonderful book by Abby Green. She has kept up to her excellent writing style and is always a pleasure to read her books, they are very touching and emotional and you tend to sometimes believe that the story could be real.
