# The Making Of Outlander: The Series: The Official Guide To Seasons One & Two

## Synopsis

Get an exclusive look behind the scenes of the first two seasons of Outlander with this official, fully illustrated companion to the hit Starz television series based on the bestselling novels. It was only a matter of time before Diana Gabaldon's bestselling Outlander saga made the leap from book to hit TV series, and the millions of readers captivated by the epic romance of Claire Beauchamp Randall and Jamie Fraser have eagerly followed. Now the must-watch drama has inspired this must-have guide, which reveals that it takes a village (or perhaps a Scottish isle) to bring the breathtaking world of Outlander to life in front of our eyes. Spanning the first two seasons of the Starz network sensation, *The Making of Outlander* leads readers behind the scenes and straight into the action as cast members, writers, producers, musicians, costume designers, set decorators, technicians, and more share the many adventures and challenges they face to make this sweeping saga come alive on the screen. In exclusive interviews, the show's stars, including Caitriona Balfe (Claire), Sam Heughan (Jamie), and Tobias Menzies (Frank Randall/Black Jack Randall), discuss the daunting task of embodying some of fiction's most beloved characters and satisfying the high expectations of devoted Outlander readers. Executive producer and showrunner Ronald D. Moore looks at the inner workings of the writers' room, shares his crew's travels to the authentic overseas locations, and chronicles the brainstorming, building, breakneck pacing, and boundless energy that make everything from the show's architecture to its outfits period-perfect. In addition, the book examines all the Outlander episodes through exclusive interviews with their writers and directors, providing fascinating facts into the making of each hour. Best of all, *The Making of Outlander* offers a veritable feast of lavish photographs—including an array of images spotlighting the stars in all their characters' grandeur and up-close personal portraits. Featuring an introduction by Diana Gabaldon herself, this magnificent insider's look at the world of the Outlander TV series is the companion all fans will want by their side.

## Book Information

Series: Outlander

Hardcover: 240 pages

Publisher: Delacorte Press; First Edition ~1st Printing edition (October 18, 2016)

## Customer Reviews

Tara Bennett is a New York Times Bestselling author and entertainment journalist. As an author, or co-author, she's written more than 20 official movie and TV companion books including *Sons of Anarchy: The Official Collector's Edition*, *Showrunners: The Art of Running a TV Show*, *The Official Making of Big Trouble in Little China*, *Fringe: September's Notebook* (an best book of 2014), *Lost Encyclopedia*, *The Art of Ice Age*, and many more. Tara is also a contributing writer for *SCI FI Magazine*, *Total Film*, *Blastr.com* and is a U.S. editor for *SFX Magazine*. She is an adjunct TV writing professor at Rowan University.

Outlander! That is all you need to know. Look. I had no idea what I was getting into a year and a half ago when I stumbled across the series on my 'On Demand'. Watching the first episode...I was hooked. I watch the shows, I have now read the books, I listen to the podcasts and I follow the FB pages. I'm totally obsessed. And I know a LOT, but this book still told me things I didn't know and was filled with great color photos and quotes from the actors and others involved in the production of the show. If you're a fan, definitely treat yourself. If you're looking for a gift for someone who loves 'Outlander', this is it! I use reviews when I purchase from so I understand the importance of an honest and insightful review. If this has helped you in any way, please help me and click "YES" below. Thanks!

I was waiting to see if this book would actually be a companion book or a re-hash of everything social media savvy Outlander fans have seen and heard for a few years now. I was so glad to find out that this is a gloriously luscious book; well written with new tidbits and organized in a great way. New insights from cast and a lovely forward from Herself adds to the fun of finding out something new-which is what most fans crave. And of course, the photos! This book is deserving of a spot next to my Outlander Companions on my bookshelf. Well done to all involved.

I pre-ordered this book and was delighted to come home from a busy day at work to find it waiting for me a few days ago. It is even better than I imagined, and I just ordered one for my sister-in-law who got me started with the Outlander series. I'm now on book 5. The pictures are beautiful, the book is large and filled with more information than expected. This will be a wonderful way to survive the long awaited return of Season 3. I always enjoyed the segments that Ron Moore filmed at the end of each episode.... this is a MEGA version that draws you into the entire filming, cast and process. THANK YOU !

If you love Outlander, you will love this book.

A " must read" for the millions of fans of "Outlander" on STARZ. It's a detailed look at the various entities involved in creating each show... Much like taking a backstage tour of the Metropolitan Opera. This is not a fatuous fan girl account but a serious look at the television production process. There is generous personal input from both actors and creative staff... Commenting on and delineating details on each episode in both seasons 1 and 2. Therefore, I think this book is an important and entertaining companion to the TV series. I hope the author will follow up for seasons 3 and 4.

OMG! OMG! OMG!

While impatiently waiting for Season Three to start, I decided to rewatch the first two seasons of Outlander. Having seen them all before, it was delightful to watch each episode with a different eye. This time around, rather than paying attention to the story line, I felt that I could focus more on the scenery, costumes, music, and minor characters, all things that greatly enhance the viewing experience. Having paid better attention to these things, I decided that I would like to know more about what it took to make this incredibly beautiful show. That's when I discovered this book, The Making of Outlander. It is the perfect way to further extend the viewing experience because it gives the backstory to how the television series came to be and details about the making of each episode. I have enjoyed reading the commentaries from all the key players and seeing many pictures from each episode, including some candid, behind the scenes photos of the actors. This book has helped fill the void until the new season begins and given me more of an understanding of what it takes to create this beloved show.

The plot does not fit any of the supplied categories as it is in the nature of a documentary. There a number of interesting facts provided by the author of interest to a loyal fan. There are also a good quantity of photographs. I DO NOT recommend it for Kindle as it appears impossible to access after one has gone through the entire book. If that is a fact with Kindle, I will stick to book format and scrap Kindle
