# Big Bad Bear Daddy: A Fated Mate Romance

## Synopsis

Bear-shifter and embassy guard Hector Gorchan expected that finding his mate would be an unforgettable moment, the experience of a lifetime. It's what he was told growing up. Now that he's an adult though, he's realized a new truth: If his mate is a human, everything is going to be different. So when fate conspires to show him his mate in the form of the short, pregnant woman with the pink hair, he knows he'll have to approach things differently, taking it slow so as not to scare her and her child away. Rachel's life has been busy since her arrival in Cloud Lake. She's dedicated her time to setting up various support groups for the women victimized by the hideous Institute. They're all dealing with the same issue, and she figures that having others to share their experiences with is the best thing they'll get. It's all she expected to have, until Hector walked into her life and stole her heart. But just as their relationship begins to take off, they hit a patch of unexpected turbulence. A fire at the Cadian shifter embassy in Cloud Lake has left Hector in a world of trouble that threatens to engulf Rachel with it. The circumstances behind it are sketchy and coincidental as all hell, but why would anyone be out to harm him? Things only get worse when an order comes down recalling him to Cadia. Permanently. Can he find a way to fix his situation, or will fate rip their bond apart before they realize it's there?

## Customer Reviews

Great story, lots of action, intrigue, twists, suspense and of course romance. This is a well written story with interesting characters and a unique plot, but there were also several proofing errors. I really got caught up in the story and had a hard time putting it down, wanting to read more and yet not wanting it to end. I would recommend this book to others and hope to read more books from this series soon. Janice M

This story is written very well and the characters flow within the events imagined. The characters are well defined. Couldn't put it down until completed. I recommend this book to anyone who enjoys suspense with a love story.

A man wanting to get to the top by any means necessary, an ambassador guard taking the fall for being a great man and his mate never giving up on him. What a wonderful story

Interesting paranormal romance featuring a strong protective alpha ready to settle down with a mate, in Hector's case, an spit fire gal ( Rachel) already carrying a baby.

Good HEA story. It's not as great as some I've read but still a good read. It continues the storyline that runs thru this series of books.

I love this series and can't wait to read more. I have a hard time putting it down. Awesome book

Just wow! I have loved all of the books surrounding Cloud Lake and Cadia but I'm going to tell you this book is amazing and Hector will hold a little place in my book lovers heart for quite sometime. This book is obviously about Hector and the girl he has feelings for Rachel. Rachel is one of the pregnant women saved from the Institute and runs several support groups for the other women. So all the times Hector thought she was blowing him off she was really dealing with her groups. After seeing her at a strip club while on shift he is convinced by one of his friends that maybe she is really been busy and to try one more time while at the same time her friends tell her they are ok and will be fine with out her while she goes out and has a good time. After an amazing first date Hector has to work but some crazy things lead to the embassy catching on fire and a shifter dying. Read this

book and find out who is trying to frame Hector for the fire. Find out if he will be shipped back to Cadia. And see if this book will end with a happily ever after. I loved this book and hope you do to. It was so much fun to read and I enjoyed all the changed and finding out who the bad guy was. I received an ARC copy of this book with the option to leave a review.

Title: Big Bad Bear Daddy Series: A Fated Mate Romance Release Date: #AlreadyReleased Author: Amelia Jade Reviewer: Ingrid Stephanie Jordan Serial: Standalone, No Cliffhanger Genre: #PRN #BearShifter My Rating:

#5 Stars Phenomenally - Stupendous I really love what Ms. Amelia has done with her books, I don't know if I've said anything before, the women takes nothing from herman/mate yet she always stands up for him. Yes you'll love this book! This series! The Institute recruited hundreds of women with the promise of support for their children and the knowledge that they were helping to preserve the shifter race. They were lied too. When the Institute was taken down they found almost three hundred women in various stages of pregnancy. Rachel Tahler is a human, she is one of the women that was impregnated by The Institute and lied to. She tries very hard to keep all the women talking it's like a self-help groups keeping them communicating with each other. She's constantly busy with one group or another so when a a shifter asked her on a date Rachel says no she's too busy with all these little meetings. Finally deciding to go on a date, life took a big change she thought her pregnancy was a changer, being with a shifter is even more of a change. Hector Gorchan is a Bear Shifter, he is second on the Embassy Guard, next to Gray as they guarded Andrew the Cadian Ambassador. This was the life he loved the only thing that was missing was a mate. He noticed Rachel when she helped Kelly, Gray's Mate. Hector took her out for coffee to calm her down since she was a witness to a crime and had to give testimony. After that all he could think about was Rachel but things started get dicey at the embassy. Can Hector keep Rachel safe? A copy of this book was provided to me with no requirements for a review. I voluntarily read this book and my comments here are my honest opinion.
