I love HER, her books, and her energy! She is a wonderful asset. I am thank ful she is as prolific a writer as she is! We are ALL blessed by her works!

I just received this book and have already started reading it. Also, I have noticed even the "flip through" quality of the book is excellent. I really enjoy this author's books, needless to say. The flow is not harsh and erratic but very smooth and gentle. The information is extensive with a capitol E. This book is a good investment in my opinion.

Judika Illes makes it easy to learn. I have purchased just about everything she has written. I have NEVER been disappointed. A great deal of care goes into her publications.

Pretty good book with a great deal of detail. I downloaded it to my iPad with no problems at all. I use it to figure out how to work with the saints. I love it.

Judika Illes is a consummate author, researcher and scholar. This book is invaluable.

Never has a book of this magnitude been published that so painstakingly detailed in working with the saints and other holy people of the world religions and folk religions in a spiritual context. If you are a practitioner of a folk tradition such as Hoodoo/Conjure then this will be an invaluable companion to you as you develop a working relationship with the spirits. Illes is so generous with the detail, even giving their favored offerings, colors, and people that are particularly dear for these spirits to work with. It is a really excellent body of work that is money well spent.

Compelling and vast .All her books are vital for anyone with interests in this area

The book was the one I have been looking for. It was in fair to good condition, no missing pages, the binder unbroken. All in all, a good book in good definition with a good price.
