When I hear Moscow all I can think about was the kremlin because I saw that in a movie. And after reading this book I realized that there are so many places to visit in Moscow. And this book is not only a travel guide but also it gives brief history and lots of information. Very useful and educational. A good guide indeed!

Decent travel guide.

Probably the best part in the book for me is the chapter that provides the common phrases a traveler needs when visiting Moscow. The author even supplied the proper pronunciation of each word. The list of destinations is very helpful. It could use some added information, though, such as the exact address or links to help the traveler locate those places listed here.

The book has helped me prepare for my upcoming vacation to Moscow, the photos are great to get an idea of what there is to see. If you're planning on spending a week or less in Moscow, then this

guide will be perfect for you.

It is not a deep detail or historical narrative book. Just simple guide then you explore Moscow by yourself .
