This is THE book for international relations students. But to be honest, it is very dry and very theoretical. Good to have.

Purchased for my son who is away at college

It's dry, but good. What else can you expect from a textbook, really. I understand most of the concepts and it does a good job of being as straightforward as possible

it keeps in a very good conditional

Rented for class. Seems like it wont be a problem to condense.

Good book

Arrived a little late and crumpled like wet... But It's not such a big deal.

Essential for any IR and PoliSci major!
