Jesse's Girl (Bishop Family Book 2)

Synopsis

My story is different. Our story, I should say. Jesse and me. We're not a typical couple by any stretch of the imagination. But, by the same token, we were undoubtedly made for each other. I never dreamed things would end up the way they did, though life always has a way of surprising you, doesn't it. I thought Jesse Bishop was completely out of the question. As it turns out, I was wrong. I always wanted to be Jesse's girl, and now I am.

Customer Reviews

A really good read. One of my favorite dialogues is when her grandfather tells her the difference in the feelings of guilt vs conviction. If read carefully this book is so relevant for today. Inspiring.

This series is consuming my weekend! I'm just giddy finding out the 3rd book has recently been released. Such a fun romantic series!

very sweet romance

I should know by now that if I start a Brooke St James book I better have time to finish it because I won't be able to put it down. Another great book in another great series. You will love it and be so caught up in it you won't be doing anything else until it's done. I can't wait for another one! I'll definitely be adding this series to my collection of BSJ books alongside the Hunt family, Martin family and S&S series. Perfect for a lazy night of reading!

This is a fun series because of the span between generations. I loved catching up with Ivy and Michael and Jacob and Alice. The storyline was intriguing and the characters were relatable. As always, another great read by Brooke St James!

This was a really great story. I was quite concerned about the whole cousin thing, but after that was explained I felt much better about the story. This was a sweet, clean romance and I look forward to the next one.

I love this fun, tender and sweet romance! I'm happy that I read the first of the Bishop series again, so I could slide seamlessly into this book. They really should be read in sequence. Brooke St. James novels never let me down, I believe I've read every single book she has written and loved them all! This may be a favorite!

Rose was in college her dad was adopted when he was a baby. She dated a college basketball player but she didn't love him. She had feelings for Jesse. He was to other people her cousin. But not really no blood related. He loves her too will she think it's ok or will she run away from him.
