Customer Reviews

Well written and easy to use. I can hardly wait to use the love powders. This book encourages me to keep up the supplies needed for the various powders.

good book not as in depth as I hoped but its a good add to my collection

Interesting little book. For ninety-nine cents, I thought it was worth it. Good recipes and easy read.

Can't wait to try some.

Has many interesting powder combinations. However, many of the ingredients are not common household items. But still there are quite a few household ingredients. I would recommend this book to anyone who is interested in potions, spells, blessing things, etc.

Good, though some of her recipes are to be asked about!

Pretty basic, but love the recipes. Love using my powders I found this very helpful in my research, glad I got it.

Haven't tried any yet but I love that it's so simple! Also love that you don't have to worry about toxic herbs

Thought it had other types of info. Guess I was wrong. But very interesting powder recipes. I do recommend to read.
