2500 Coins Of The World: A Comprehensive Global History Of Coins From 180 Countries, From Antiquity To Present Day, Featuring Up To 2500 Colour Images

Synopsis

Coins have occupied a vital role in trade and society since their very first usage in the ancient kingdoms of Turkey, China and India. This unparalleled world reference guide turns this complex history into an accessible chronicle, with coins illustrated from every coin-issuing country in the world. Through the course of these information-packed pages and 2500 color images, the reader can travel more than eight millennia, and gain inspiration on how and where to start a country or themed collection.

Customer Reviews

so hard to read all those foreign coins, so , this book helps me to identify by color and size of coin, and which country it belongs in, then I can look up value in another book

Lovely book! I'm super happy!

Husband did not like. Did not give value of coins!

Waste of good money!
