Customer Reviews

"A triumph! One of the best presentations of the Church's social teaching. Brandon Vogt adeptly and correctly positions social justice in relation to the lives of the saints and in doing so rescues it from the ideological constraints that have for far too long made this essential teaching of the Church inaccessible to most of the faithful. Social justice is not simply a theory, but a whole way of life, revealed in all its radical and saving grace in the lives of the Church's saints." - --Very Reverend Robert E. Barron, Rector of Mundelein Seminary and founder of Word on Fire Catholic Ministries

In this book, Brandon Vogt situates the principles of Catholic Social Teaching within the venerable

Catholic spiritual tradition by presenting these principles within the details of the actual lives of the saints. Each description becomes as vivid as a stained-glass window as it illustrates how each saint lived out the Gospel, and then it presents us with concrete lessons we can learn today. This presentation will easily lead the reader to reflection and then to action. I highly recommend *Saints and Social Justice* as a rich resource for your spiritual reading. -- --Father Larry Snyder, President of Catholic Charities USA (CCUSA)

Incredibly accessible: Brandon Vogt brings Catholic social teaching to life through the actions and examples of the saints. As we cannot commit to what we do not understand, this book opens minds and hearts to connect faith with personal action. An indispensable teaching resource! -- --Dr. Carolyn Woo, President and CEO of Catholic Relief Services

I am catholic and found this book to be a very good read and very imformative

Quick read, and at the same time very informative and inspiring!

Great read... one of those that makes you feel "sent forth". Vogt's work online and through this book is a welcome addition to the Catholic online world.

Catholic Social Justice and saints who demonstrate the beatitudes. Includes a clear definition of solidarity and subsidiarity and why that is important in social justice. Makes it absolutely clear that faith without works is dead. And also that the path to hell is paved by ignoring the poor. Starts by pointing to the right to life as the most important right, and that every human being has the right to life from conception to natural death. And that all human rights come from God, because we are all

unique and precious in His eyes.

Had to get a second copy because the references were correlated with the Catechism and other Papal documents! Excellent!

An interesting review of key personalities in religious and moral leadership

Loved it! Great kindle download!

Very inspiring!
