Let's Dance, Little Pookie

Synopsis

POOKIE AND MOM proposes a lively dance together. Pookie, being Pookie, is somewhat hesitant to try something new. But little by little, Pookie is drawn into the dance—hopping, marching, shimmying, singing. Presented in Boynton's captivating style, this book will thoroughly delight toddlers and their caregivers alike.

Book Information

Board book: 18 pages

Publisher: Robin Corey Books; BRDBK edition (August 12, 2008)

Language: English

Customer Reviews

Sandra Boynton is the beloved author and illustrator of over 40 books. Since 1975, her incomparable greeting cards have sold well over 200 million copies. She has a Grammy nomination, has written and produced three gold records, and her books for children and for adults have won numerous awards. She is the recipient of the 2008 Milton Caniff Lifetime Achievement Award, the National Cartoonists Society's highest honor.

I don't suppose the books about Little Pookie are all that popular because I had never seen or heard anything about them before stumbling across this one on . I am so glad I did though! Classic Sandra Boynton but for some reason this one really has become a favorite. It could be the silly pictures, fun rhymes, or just a phase our daughter is going through but we can't get enough of Little Pookie and his dance! You definitely need to add this one to the collection!

Let's Dance, Little Pookie took a little bit longer for my granddaughter to warm up to than most of our Boynton's. Not sure why. I've thought from the beginning that all the Pookie stories are adorable and this one with Mom encouraging Pookie to get up and 'do some hopping, and some marching to a Pookie Pookie beat' is right there with the rest! Pookie stops marching to do a stretch, 'So high! So high!' and says "Hello Sky!" my LO laughs out loud, every time! Let's Dance, Little Pookie is a good buy, I'm glad I purchased it. I think you and your little will enjoy it too!

I've been reading a lot of Sandra Boynton books for my 9-month-old daughter, but this isn't one of my favorites. The rest of the Little Pookie books that we've read flow beautifully (Boynton is a real poet), and have some humor and a decent plot (by the standards of board books for toddlers). But I just don't find that this one flows well to read, and isn't that funny. Of all the Little Pookie books, this is the least entertaining.

A decent addition to the Boynton collection. In my opinion, Boynton is hit-or-miss. There are a few works of pure genius, such as Perfect Piggies and Snuggle Puppy. There are others where you wonder if she was even trying. I guess that's how genius works, especially genius if constrained by a deadline.

My granddaughter loves the Pookie books and gravitates towards them over all the other books at my house. She reads the list on the back of the books and tells me to order the other books. I encourage her love of reading - thank you Sandra Boynton!

Cute book

Love the poopie books ! My grandsons love them

This book is one of my daughter's favorites! I have read this to her since she was 1(she is now 2). This is a very colorful and cute book. I love the rhyming structure.
