This was a pleasure to read and receive spiritual wisdom. Mrs. Hunt is a dear friend and I appreciated the transparency of her writing and elaborate personal accounts of her dating experience. If you are ready to be positioned for Marriage and take criticism on dating mishaps I encourage you to read this book. Each chapter will motivate and encourage you to find yourself ready for a union in marriage. My only downfall I found in this book was I never came across the story or background for how Mrs. Hunt found Mr. Hunt. I also wondered what significant life events led up to finding Mr. Hunt at that particular point in life. This would've given more perspective and insight for the reader to understand 'Gods timing' as it relates to Marriage. Thanks for Sharing your Story**

I absolutely love this book. Although I am married, I wanted to get this book for soooooo many young ladies that I know who are single. This book was well thought out. She covered every excuse that single ladies make in wanting to play married although they are not. I will be inviting her to be my guest on "Learn With Joy" as she is needed in the marketplace. I highly recommend this book for singles. I also recommend it for married ladies as well because I know that there is at least one single female you influence.

Minister Teresa Renee Hunt's book is a phenomenal blueprint for women who understand that their "worth is far above rubies"...priceless! In a very transparent and engaging way, Minister Teresa

provides intriguing stories, Biblical references and insight for positioning oneself to be found by one's right future husband. She speaks authentically as one initially marred by the pain of rape and low self-esteem but eventually transformed by God's design to know who's she is and who she was.....a jewel of GREAT value!

I can truly say this book really blessed me in so many ways. It has really helped me to be better prepared for marriage in my Singleness. You just can't read this book one time, the wisdom the jewels were so inspirational. The transparent moments made you look at your life from a different perspective. I had some ouch moments, but it help equip and prepare me for this Season. L.F. God bless

I REALLY love this book. By the first chapter I was ALL in. Love how the author gives the reader an assignment in order to help the reader understand the importance of recognizing and resolving issues. This isn't just a book to read but it's also a guide!
